

Greatest Welcome In Atlanta History Awaits Tech Squad

Conquerors of California
and New National Cham-
pions To Be Greeted by
Bands and Great Crowds

LOCAL COMMITTEE
HEADED BY ARNOLD

Glenn and Gregg Other
Members of Body Which
Is Planning Gigantic
Celebration for Gridders

Atlanta Monday night will extend her greatest welcome to Georgia Tech's greatest football team.

A special mayor's committee, headed by Lowry Arnold, will meet today to plan a monstrous "Bobby Jones homecoming" for the gridders who Tuesday brought to the south and to Atlanta the football championship of the country when they defeated the University of California eleven at Pasadena.

The committee, named by Mayor Pro Tem. Claude Ashley, is composed of Mr. Arnold, William Glenn and Robert Gregg. It will meet this morning in Mr. Arnold's office in the Hurt building to map plans for the gigantic celebration at the Terminal station at 8:40 o'clock Monday night, when the Yellow Jackets and their transcontinental homeward journey after displaying to the world some of the most brilliant football ever witnessed in a major or minor engagement.

Hands At Station.

Chairman Arnold late Wednesday moved to have the police band, the Tech cadet corps and other groups on hand at the station, in addition to city, county and state officials and the "greatest crowd which ever has assembled in Atlanta for such a purpose."

"These boys will be tired from their efforts on the football field and from their long ride on the train and I am sure they will want nothing Monday night other than a demonstration," Mr. Arnold said. "We are going to give it to them. Chief of Police Beavers has promised us that we can have all the space within the station area and we want to see every citizen and Atlanta and its environs in the crowd if possible."

As soon as Mr. Ashley reached the city hall Wednesday morning he telegraphed from Mayor Ragsdale, who had witnessed the game in Pasadena. The mayor urged Mr. Ashley to set in motion at once plans for the homecoming celebration. Mr. Ashley immediately appointed Mr. Arnold, Mr. Glenn and Mr. Gregg, all Tech enthusiasts, and the bandwagon started to roll.

All Support Move.

From every civic organization, from business leaders, old Tech grads and the student body came words of support. The chamber of commerce and the junior chamber of commerce reported themselves ready to aid.

Philip L. Alston, president of the chamber of commerce, dispatched to Coach William E. Alexander, of the national champion Golden Tornado, at the Vista del Arroyo hotel in Pasadena the following telegram:

"The city of Atlanta, the state of Georgia and the entire south quit business yesterday afternoon in order to watch the glorious Golden Tornado walloping the Golden Bears. You and

2 COATS VALUED AT \$1,300 STOLEN FROM GLENN HOME

Thieves who Tuesday night entered the home of Thomas K. Glenn, president of the Atlanta & Lowry bank, at 921 Myrtle street, obtained two fur coats valued at approximately \$1,300, according to advice furnished to police by Mr. Glenn.

Mr. Glenn, in a letter to Chief of Police James L. Beavers, stated that the theft was discovered Wednesday morning and that the lost consisted of a leopard coat valued at \$950 and a caracal wrap valued at \$350, both the property of Mrs. Glenn.

Mr. JIM Says:

County Board Organizes for New Year And Elects Paul Etheridge as Chairman

Paul S. Etheridge, newly elected chairman of the Fulton county commission, and three of his fellow members of the commission are shown in the above picture, snapped Wednesday afternoon while the commission held its annual organization meeting. Mr. Etheridge is third from the left, seated. Seated on the left is Walter C. Hendrix, the newest member of the commission. Next is Captain George M. Hope, and on the extreme right is Dr. W. L. Gilbert. Standing, from left to right, are Charles B. Shelton, county attorney, and Henry M. Wood, clerk of the county commission. Walter B. Stewart, retiring chairman of the board, was absent from the meeting, as he is with the Georgia Tech football team, now in California.

POWELL IS HEAD OF SCHOOL BOARD

President Expected To
Call Meeting of Commis-
sion for Friday To Pass
on 1929 Budget.

Reorganization of the Atlanta board of education with George W. Powell as president, renewed warning by Willis A. Sutton, superintendent of schools, that unless relief measures are provided Atlanta high schools would be stricken from the accredited list of the Southern Association of Colleges; submission of a financial report showing that the board has carried a balance into the new year for the first time in many years, and decision to refer rejection of the plumbing and heating bids or the Lotis company to the contact committees of the board and the bond commission featured the first 1929 meeting of the board Wednesday afternoon.

Mr. Powell was elected by unanimous vote after having been named by members for his faithful service during 1928.

New Officials.

Other officers were elected as follows:

Dr. McIntosh M. Burns, of the seventh ward, first vice president; J. H. Landers, of the first ward, second vice president; Robert E. Harvey, treasurer, and Miss Muriel Burt, chief clerk and secretary. All elections were without opposition.

In selecting Mr. Powell to guide the destinies of the Atlanta public school system for another year, board members pointed to the achievements of the board for the past year under his direction. They lauded his executive ability, and declared that for the first time in 13 years the school system faces the new year without a deficit.

Special Meeting Planned.

He indicated that he probably would call a special meeting of the board for late Friday afternoon to consider the 1929 budget, and announced he would appoint the new committee for 1929 with few changes. All committee chairmen who were returned to the board will assume their duties.

Britain's King Out of Danger Now Believed

Latest Bulletin Reports An-
other Good Day of Con-
tinued Improvement.

London, January 2.—(AP)—With medical announcement tonight that King George had passed another good day and that the improvement noted yesterday had continued, the atmosphere around Buckingham palace was one of assurance that the danger line at last had been left behind.

This feeling was a reflection of an opinion expressed earlier by Sir William Joynton-Hicks, home secretary, who said that after a consultation with the king's doctors he felt it would be safe to go to the south of France for a holiday.

"I feel that the worst of the illness is over," said Sir William.

Tonight's bulletin was in one sentence, it said:

"The king passed a good day and there is a slight improvement in his majesty's condition."

The fact that the bulletin was signed by only the three regular physicians—Drs. Hewitt, Dawson and Rigby—was also an encouraging factor. It was expected that should the progress of the patient continue for a few more days the plan of issuing only one bulletin in each 24 hours would be resumed.

Attorney Succeeds Wal- ter B. Stewart at Helm of Commission; Dr. Gil- bert Vice Chairman.

Paul S. Etheridge, attorney-at-law, was elected chairman of the Fulton county commission for 1929, succeeding Walter B. Stewart, Wednesday afternoon at the organization session of the commission. Dr. W. L. Gilbert was made vice chairman.

The chair was turned over to Henry Wood, affectionately known to the courthouse family as "Uncle Henry," clerk of the commission, for the election of the chairman. Mr. Etheridge took the chair immediately after his election, and presided while the election of the vice chairman took place.

Mr. Etheridge was vice chairman of the commission during 1928.

Total assets of Fulton county increased \$361,987.05 during 1928 over 1927, the annual physical report on the commission's office and the treasurer's office, made by Reesap & Reesap, certified public accountants, which was received following the board meeting Wednesday.

Cash disbursements for 1928 showed an excess of \$1,442,747.71 over those for 1927, the figures being for the year ending September 30. Cash receipts increased \$64,112.28 over the prior period, and cash disbursements increased \$1,442,747.71, the report showed.

ARGENTINA BALKS AS PEACEMAKER

Refuses To Be One of
Five Neutrals To Arbitrate
Bolivia-Paraguay
Dispute.

Buenos Aires, January 2.—(AP)—La Paz dispatches to La Nación tonight said that the Bolivian minister to Washington had been authorized to sign, with certain modifications in the text, the protocol for arbitration of the dispute with Paraguay.

**ARGENTINA BALKS
AT PART IN PARLEY.**

Washington, January 2.—(AP)—Word of Argentina's refusal to take part in the Pan-American conference's effort to conciliate the Paraguayan-Bolivian dispute was received tonight as something of a shock by the delegates from twenty of the American nations.

The action withdraws from the field one of the five neutral nations invited to sit in at the conference table to inquire into differences between the two republics. The other neutrals are the United States, Cuba, Brazil and Uruguay. Of these Brazil alone has not replied thus far to the invitation.

Argentina's withdrawal has not as yet been received officially by the state department.

It is the opinion of many delegates to the conference that the invitation to take the place made vacant by Argentina will be extended to either Mexico or Panama.

Even before word of the decision of the Buenos Aires government reached Washington, the conference today had been at a standstill so far as the Bolivian-Paraguayan dispute was concerned as the special committee on that question was awaiting word from Bolivia to authorize its representative to sign the protocol proposing creation of the conciliatory commission.

NEW UNION DEPOT PLANS COMPLETED

N. C. & St. L. Ready To
Rush Work; Erection of
\$3,000,000 Building of 17
Stories Probable in 1929.

The Nashville, Chattanooga and St. Louis railway is ready to go ahead with the erection of a new union depot, on the Forsyth street site, to cost \$500,000, subject, of course, to the sanction of the Georgia public service commission. This is the backbone of a statement issued in Nashville Wednesday by James B. Hill, president of the road, in which the rail head declared that construction of a new station and probable erection of a \$3,000,000 17-story building on the site of the present Atlanta Union station constituted the two outstanding works of the 1929 expansion program of the carrier.

James A. Perry, chairman of the Georgia public service commission, was out of the city Wednesday night and could not be reached for a statement; but it is understood that the next step to be taken in the projected construction program of the road here calls for the appearance of representatives of the railway before the commission to report on the financial details which have been arranged. In the event these are acceptable to the commission, an order would be granted for the railroad to proceed with the work to be started on the two projected projects immediately.

Declaring that railroads of the south must develop in keeping with the progress and advancement of the section, Mr. Hill in his statement predicted "an era of greater development in the south than it has experienced in 25 years," and said that the "N. C. & St. L. is expecting as good a year, if not better, in 1929 than in 1928." The rail chief added that a station of only 25 years' age, and that the "N. C. & St. L. is expecting as good a year, if not better, in 1929 than in 1928."

Proposal of the N. C. & St. L. to erect the big building on the site of the present Union depot and the new depot on the west side of the Forsyth street viaduct, adjoining the Throver building, was announced on December 1, when the public service commission stated that the railroad would ask permission to carry out its extensive construction program. Detailed plans and drawings of the two projects were put into the hands of

Army Plane Is Still in Air After Record

Woman Sets New Endurance
Mark; Third Effort
Failure.

BY THE ASSOCIATED PRESS.

New York, January 2.—One of the airplanes that ascended into lanes west of the Mississippi Tuesday and Wednesday to try for new records in endurance flying still purred lazily along as midnight approached last night.

One of the ships, piloted by a woman, Miss Bobbie Trout, dropped a new record for the sky early in the evening Wednesday when it had remained aloft nine hours and six minutes, over Los Angeles.

At that hour it had been up an hour longer than Violet Gentry, who established a record at Roosevelt field last month. But to cap the record smashing, Miss Trout kept her ship in the air 12 hours and 11 minutes before landing, at 6:36 p. m., coast time.

Another of the three aerial Vikings, a little open cockpit monoplane, failed to gain its objective of surpassing the refueling sustained flight record of more than 60 hours by landing early in the air 12 hours and 11 minutes under 11 hours. Blaine M. Tuzhara, pilot, said he gave up the attempt because in approaching the earth to pick up fuel from a mechanical refueling device the plane's wheels had touched the earth, disqualifying him. The plane took off at Marshall, Mo.

LOUISIANA GOVERNOR REJECTS MERCY PLEA; PAIR HANG SATURDAY

GIRL DISAPPEARS AND POLICE HUNT 'MAN WITH CANE'

Receipt by Mother of Let-
ter From Alleged Victim
of Kidnaping Increases
Mystery.

Police Wednesday night were investigating the disappearance of Miss Doris Turner, 16, of 812 Boulevard, N. E., a popular student of Hoke Smith Junior High school, whom her parents, Mr. and Mrs. Oscar L. Turner, believe was kidnaped Wednesday morning.

Missing from the time she left her home for school, her parents after starting a frantic search for her when she failed to return home after classes, received a special delivery letter about 7:30 o'clock in the handwriting of their daughter, stating that she had been kidnaped by "the old man who carries a cane."

Calls Man "Half Crazy."

The letter, written with pencil in handwriting which the family positively identified as that of Doris, told of being late for school and of being "picked up" by the old man. She said that he gave her his handkerchief and that she didn't know anything more until he asked her if she wanted to write her parents. She said in her letter that she was "nervous I can hardly write," but that he "is a kind old man about half crazy, but not desperate."

Doris' brother, Mr. Oscar Turner, who is associated with his father in the Tenth Street dairy at 115 Tenth street, N. E., told Wednesday night of checking every statement in the letter that he possibly could, and of verifying all Doris said. He said the letter is believed to have been mailed at the main postoffice at between 6:30 and 7 o'clock Wednesday night. It was addressed to her mother and was received at the home about 7:30 p. m.

Seek "Old Man With Cane."

The family believes that the girl must still be in the city and Wednesday night was concentrating their efforts to find her.

A friend of Doris' said Wednesday night that he had heard her mention the man. She said he had told her that he had lost a daughter who closely resembled Doris, and she told of how he would burst into tears.

50 NEW OFFICERS SOUGHT FOR CITY

Committee To Ask City
Council for \$97,000 To
Employ Additional Pa-
trolmen.

Following the plea of Chief of Police James L. Beavers for additional officers, the police committee of city council Wednesday night approved a \$97,000 addition to the department's budget in order to employ 50 additional patrolmen and unanimously declared its intention of waging a vigorous fight for the necessary funds.

Chief Beavers, in his appeal for more officers, stated that New York, with its immense population has only 380 patrolmen and at least 25 while Boston has one to every 383 persons. St. Louis is afforded protection by one officer to every 402 inhabitants, while Cleveland has a blue coat for every 499 persons. Averaging these as four representative cities Chief Beavers stated the average ratio is about one to 407 but Atlanta with a population of about 285,000 has only one officer to every 761 persons.

Atlanta has on the police payroll only 380 patrolmen and at least 25 of these are not actually on the streets, the chief said. Declaring his force to be entirely too small for a city of Atlanta's size the chief indicated that with a larger force he could hope for a decrease in holdups and burglaries, which showed substantial gains during 1928.

The budget as submitted by Chief Beavers and approved by the committee for the consideration of the finance committee of council, calls for an expenditure of \$1,006,811.97. This figure is larger than the last year's budget, by about the sum asked for the additional officers, the other items running about the same. The budget for 1928 was \$908,809.50, of which slightly more than \$906,000 was used.

Mrs. Ida B. McDonald was chosen secretary of the chief in place of Mr. G. H. Howard, Jr. C. V. Lee, J. S. Carter and Thomas Chapman were added to the list of police supernumeraries. The committee also approved the granting of 20 days vacation to regular members of the force during 1929 and stipulated that the leaves could be taken at any suitable time after February 1.

Two Georgia Pastors Lose Pulpit Posts

T. J. Ponder, of Waycross,
and W. J. Ballew, of Jef-
fersonville, Ousted.

Two Georgia ministers one a Presbyterian and the other a Baptist, were ousted from their churches Wednesday. The Presbyterian, the Rev. T. J. Ponder, of Waycross, was deposed by the presbytery of Savannah and the Baptist, the Rev. W. J. Ballew, of Jeffersonville, was ordered from his church by the Dublin circuit court. In both instances, charges were made by their church officials that the ministers were domineering and refused to abide by the church laws.

**WAYCROSS MINISTER
IS ORDERED OUT.**

The Rev. T. J. Ponder, former pastor of the Waycross, Ga., Presbyterian church, today was deposed from the denomination by action of the presbytery of Savannah.

The action was said to come as the result of discord existing between the former pastor and members of his congregation. Mr. Ponder, according to members of the presbytery, refused to abide by the suggestions or decisions of that body, and made an effort to establish another Presbyterian church at Waycross, in violation of "the rules of the Presbytery and the law of the Presbyterian church, without sanction being given by the presbytery."

Judicial proceedings were instituted against Mr. Ponder on November 27, records of the case show, and on December 10 he was convicted of a violation of his ordination vows to obey the authority of the Presbyterian church. As a result he was suspended from the ministry of the church.

He did not observe the suspension, it was said, and as a result was cited to appear before the presbytery and show cause why he should not be deposed from the ministry. He did not appear, and in his absence the presbytery today took action deposing him.

Members of the congregation said the breach between the elders and the minister was precipitated when he refused to sanction a protracted meeting, or to call a meeting of the church for the purpose of discussing the meeting.

After the dissolution of the church, the Rev. Mr. Ponder then established another church and has bought land on which to construct a building.

**JEFFERSONVILLE PASTOR
LOSES HIS CHURCH.**

Jeffersonville, Ga., January 2.—(AP) A controversy between deacons of the Baptist church and the Rev. W. J. Ballew, former pastor of the church, was settled Wednesday by Judge R. Earl Camp, of the Dublin circuit, who signed an injunction forbidding the pastor to move from the pastorage owned by the church.

The quarrel between the deacons and the pastor was over money. Rev. Mr. Ballew desired the deacons to owe him \$310 and he refused to move from the pastorage until the money was paid to him.

According to several of the deacons, Rev. Mr. Ballew was engaged to hold

Mercury Drop To 17 Degrees Seen for City

Forecasters Von Herrmann
Predicts Maximum Tem-
perature of 45.

The cold wave which hit the entire country shortly after the year 1928 made its debut in expected to be at its peak hereabouts this morning, with an anticipated minimum of approximately 17 degrees, following which Old Sol will get in his work and the maximum today will be well above that of Wednesday, according to the prediction of C. F. von Herrmann, head of the local United States bureau.

"It will be clear, fine weather," Mr. von Herrmann stated, "and should be much warmer during the day than it was Wednesday. I'm expecting a maximum of 45 today, while the mercury never did get over the freezing point Wednesday."

The weather man pointed out, however, that while a minimum of 27 degrees Wednesday caused much shivering, just a year previous, the mercury hereabouts was one degree above the zero mark. The record so far this winter was hung up November 26, when a minimum of 23 was registered, but this mark is expected to be surpassed today. Mr. von Herrmann is of the opinion that the all-time record of eight below, which was established February 13, 1890, is in little danger of being surpassed either now or later.

It was stated that a high pressure area bringing the cold from the north-west was moving east to make way for warmer south winds, which are expected to start the mercury on an upward climb today. No rain is in sight for the time being. Mr. von Herrmann said, but another high pressure area is forming in the far northwest which may possibly result in another cold snap soon.

GOVERNOR ISSUES LONG STATEMENT EXPLAINING ACTION

Mrs. Ada Lebouef Will Be
First White Woman To
Die on Louisiana Gal-
lows.

**DOOMED COUPLE
NOT TOLD FATE**

**Alleged Lovers Slew
Woman's Husband in
Murder Plot; Both Now
Ill in Jail.**

Baton Rouge, La., January 2.—(AP) Denying their plea for commutation from death to life imprisonment, Governor Huey P. Long tonight brought Mrs. Ada Bonner Lebouef and Dr. Thomas E. Dreher squarely before the gallows to atone for the murder of the woman's husband.

Unless some unexpected court action blocks the way, these two will be hanged next Saturday between noon and 3 o'clock in the little tower jail down at Franklin, La., where they have been held since the crime of 18 months ago.

The hanging would represent the first white woman to go to the gallows in Louisiana and one of the few women in any race to pay the extreme penalty in the state. She would be carried to her death shortly before or after her alleged paramour, Dr. Dreher, who before the crime stood out in the Morgan city community, scene of the crime, as a leader in his capacity as family physician and druggist.

Governor's Statement.

In denying the commutation, Governor Long declared that he was in a positive statement in which he said the law of capital punishment might as well be scratched off of the statute books unless it is invoked in this case. In his rejection, Governor Long went contrary to the advice of the state pardon board, which, after receiving a commutation recommendation at their first sitting came back a second time and by a vote of 2-to-1 recommended life imprisonment.

After reviewing the history and law of the case, the governor said:

"In this case a commutation of sentence would mean opening the doors of the state wide to those who lightly regard life. I am sorry that this cup cannot pass from my lips. With the pardon board's recommendation (over the protest of the trial judge) that this verdict be commuted, it places a responsibility on the governor which he cannot avoid. But, only the governor is left to assume this responsibility and to recede in the face of this circumstance could he at the expense of law enforcement and public virtue."

Is Law of Land.

"Capital punishment is the law of the land. I am an officer sworn to enforce the law. Until that law is repealed by the legislature no one could ask me, under my oath, to set it aside by an ex-parte order of the governor. In this case it might

JAYCEES OPEN DRIVE FOR BETTER AIRPORT

Committee Named To Direct Junior Chamber's Activity in Field's Improvement.

Appointment of a committee to take direct charge of the plans of the Junior Chamber of Commerce to encourage the development of aviation and of Candler field featured the meeting Wednesday afternoon of the officers and directors of the organization. It has been announced previously by President Jonathan Woody that this project would be one of the principal activities of the Jaycees during the year.

It was pointed out that other southern cities have been and still are developing their fields in such a way as to endanger Atlanta's position as the aviation center of the southeast and that immediate expansion and improvement at Candler field is virtually a necessity. Memphis, it was stated, is planning to spend \$3,000,000 on an air field and, during the past two years, Baltimore, Chattanooga and Dallas have authorized improvements to cost, respectively, \$1,500,000, \$250,000 and \$400,000. Detroit's airport, when completed, will represent an expenditure of \$5,000,000.

In view of the fact that the Pitcairn company is planning to spend \$300,000 on new hangars and equipment at Candler field in the near future further grading and other improvement work will be necessary before this work can be completed, it was stated.

Figures were given to show that a total of approximately \$75,000 had been spent on the field so far and that the total investment at the field so far was in the neighborhood of \$125,000. Tentative plans call for the expenditure of \$100,000 for the purchase of the field and \$240,000 more for improvements, which would give a total investment of \$345,000, not a great deal more than the expenditures planned by the Pitcairn company, it was pointed out.

ATLANTA AIRMAIL LINES CARRY TOTAL OF 132,000 POUNDS

Airmail lines operating out of Atlanta have handled approximately 132,000 pounds since the inauguration of this service between Atlanta and New York and Atlanta and New Orleans on May 1, it was announced Wednesday by Postmaster E. K. Large, who stated that while complete figures for December were not yet available, this figure seemed to be a conservative estimate. The total number of pieces of mail carried was given as about 4,000,000. Mr. Large pointed out that the opening of the two new lines between Atlanta and Chicago and Atlanta and Miami, citizens of Atlanta were afforded direct air connection between practically any point in the United States and several foreign countries. He stated that the government had spent hundreds of thousands of dollars in lighting the various air routes, providing intermediate landing fields and the services of the weather bureau and that it was hoped that continued cooperation in the development of Candler field would help to make Atlanta the leading air mail city of the southeast.

AIR MAIL SERVICE BETWEEN NASSAU AND MIAMI OPENS

Miami, Fla., January 2.—(AP)—At 9:15 a. m. today a Pan-American airplane plane soared eastward from the Pan-American Airways Flying field, here, inaugurating tri-weekly air mail service between Miami and Nassau, Bahamas. There were no ceremonies attending the start of the new air line. The plane was rolled into position, mail loaded on board and a few moments later the ship was a mere speck in the rising sun just bursting through cloud banks over the Atlantic ocean. Celebration of the inauguration of an air mail link will be delayed until January 9, at which time Pan-American will dedicate its new airport and start a tri-weekly mail and passenger service, linking Miami to Haiti and Porto Rico by air.

LOWDEN ADVISES FARMERS TO WAIT FOR FARM RELIEF

Chicago, January 2.—(AP)—Frank O. Lowden has advised the farmers to await the inauguration of President-elect Herbert Hoover before pressing their demands for some form of agriculture relief. The former governor of Illinois suggested that the question be held in abeyance until after Mr. Hoover takes office because he is convinced that what legislation, if any, congress deems necessary should be acted upon at the special session proposed by the president-elect. Before departing yesterday for a four months' tour of Italy, Egypt, the Holy Land and Greece, Mr. Lowden quite definitely opposed any attempts to tinker with the farm problem during the present congress.

SPREAD OF GRIPPE IN MEXICO CITY ALARMS OFFICIALS

Mexico City, January 2.—(AP)—A Monterey dispatch to El Universal today said that an alarming spread of grippe had prompted the city and sanitary authorities to take extreme measures to prevent further ravages, including the placing of a ban on handshaking. Posters announcing the ban on handshaking and other preventive measures were pasted up throughout the city. Ten thousand cases of grippe have been reported in Monterey alone.

BOMB EXPLODES IN VICE CONSULATE

Ragusa, Jugoslavia, January 2.—(AP)—A bomb was thrown into the Czechoslovakian vice consulate last night. Although it exploded no damage was done to the building.

Atlanta Education Board Elects Officials

Photo by Kenneth Rogers, Staff Photographer.

Heads of the Atlanta school system for 1925 are shown in the above picture, which was taken immediately after reorganization of the board Wednesday afternoon. Those in the picture are, left to right, from center, Dr. McIntosh M. Burnet, commissioner from the seventh ward, first vice president; George W. Powell, reelected for the second consecutive term as president of the board; J. H. Landers, commissioner from the first, and second vice president; Miss Muriel Burt, chief clerk and secretary; back row, left to right: Willis A. Sutton, superintendent of the school system; Robert E. Harvey, treasurer, and Raymond R. Ritchie, assistant superintendent of schools in charge of business affairs.

CANDLER FIELD OFFERS \$25,000 PRIZE FOR 'DRY' REPEAL PLAN

A big Ryan, Wright-motored monoplane from Fort Worth, Texas, piloted by L. H. Atkinson and carrying George Fredell as its sole passenger, landed at Candler Field Wednesday for a brief sojourn. The flier plans to enter his plane in the air meet to be held at Miami on January 7, 8 and 9 and is making the trip to the south Florida metropolis by easy stages.

Pitcairn Aviation, Inc., holders of the airmail contract for the Atlanta-New York route and the Atlanta-Miami route, plans to erect a refueling station at Melbourne, Fla., for the servicing of its planes on the Atlanta-Miami line.

Chattanooga, in line with a number of other American cities, has voted a bond issue of \$250,000 for the development of its municipal airport. Success of the project has been credited largely to the work and support of the local chamber of commerce, which fostered the issue.

Airport commissions, administrative groups having charge of the management of the landing fields and having direction over their development, have been appointed or are contemplated at several of the country's leading aerial centers. New Orleans has established such a commission, while Detroit

POWELL IS HEAD OF SCHOOL BOARD

Continued from First Page.

old posts during 1925, with John T. Hancock, chairman of the current expenditures committee, again heading that body.

"Threat to strike the Atlanta high schools, including junior high schools from the accredited list, constitutes a real danger to the city's educational system," Mr. Sutton declared. "When this matter was first taken up, some persons were prone to consider it propaganda with the intention of getting more money on which to operate the schools. I wish to assure everyone that this is not the case.

"The matter is exceedingly serious. Something must be done about it in the very near future or Atlanta will suffer great humiliation. In the fall of 1923 after we had eliminated many teachers as we felt we safely could, we had 355 teachers in the junior and senior high schools and 8,890 pupils. In 1924 we had 351 teachers and 10,725 students. It will take 71 additional teachers to place these schools in the same ratio of teacher and students as existed in 1923.

"It is just as serious a matter to overload classes in the elementary schools as in the high schools as far as the students' success in after life is concerned, although this does not affect the standing on the accredited list. Our last check showed there are more than 40 pupils to a teacher in 300 classes of the elementary school system.

"Despite the overcrowded conditions, colleges report that Atlanta students are standing well in classes. This is due to the loyal and tireless efforts of both teachers and students. We have been armed with the latest educational methods and the junior and senior high school systems our students will be forced to stand examinations before being admitted to colleges."

Cite council has twice declined to approve the recommendations of the board that the contract for heating and plumbing on 10 Atlanta schools be awarded to the Loftis Plumbing and Heating company. When the matter was brought before the board Wednesday afternoon it precipitated a debate, and on motion of Mr. Hancock was referred to the contact bodies. Aldermen J. Allen Couch, of the fifth ward, and by virtue of being chairman of the school committee of city council a member of the board voted against reference holding that the board should readvertise. He stated the reference would only delay construction of the schools.

W. W. Gaines, commissioner from the third ward, was named chairman of an acceptance committee, which will accept schools to be completed from funds provided by the 1926 bond issue. Brown, Bass and Smith, junior high school additions are practically ready. The administration department was authorized to advertise for bids to equip these buildings.

Receipts for Year.

Total receipts for the year of the school department were \$3,068,105.02. Of this a total of \$1,011,114.32 was paid for salaries of operation and maintenance of schools for the latter half of December, 1924.

Other disbursements were listed as follows:

General control, \$72,137.56; instructional service, \$2,402,075; operation of plants, \$176,027.33; maintenance of plants, \$112,061.57; fixed charges, \$6,515.95; debt service, interest on short term loans, \$1,805.55; capital outlay, \$61,677.55; auxiliary agencies, \$15,702.57; stock balance, \$3,554.65; unpaid bills, \$23,000.00. Total, \$2,961,247.53, making a grand total including the \$1,011,114.32 in salaries for December of 1924 of \$3,065,462.65, leaving a total balance of \$2,642.37.

ARRESTS EXPECTED SHORTLY IN DEATH OF EIGHT IN BLAZE

Lincoln, Ala., January 2.—(AP)—State and county investigators today indicated that from three to four persons would be arrested in the next day or two in connection with the fire on the morning of December 23 which razed the home of Mr. and Mrs. Albert Calhoun, near here, resulting in the death of eight persons.

The investigation, conducted by Sheriff W. E. Parker, of Calhoun county, Deputy Fire Marshal George King and Coroner Ralph Issery, was said to have developed evidence that gasoline had been poured over the home and then set on fire.

Revenge was said by the investigators to have prompted the act.

Victims of the blaze were Mr. and Mrs. Calhoun and six children. Six others were injured.

GRAND DUKE NICHOLAS IS REPORTED BETTER

Antibes, France, January 2.—(AP)—Grand Duke Nicholas, who has been seriously ill here, is showing continued improvement. A bulletin issued on his condition today stated that he had suffered no setback and that his heart was rapidly getting better.

GEORGE SEEKS HIGHER DUTIES ON TOBACCO

Georgia Senator To Lead Move for Increased Tariff on Weed.

Washington, January 2.—(Special.) Joined by other members of the house and senate from the southern states, Senator Walter F. George, of Georgia, announced today that he will launch a movement for securing higher duties on tobacco when the ways and means committee of the lower house starts hearings on the new tariff bill this session. The date for taking up the measure has been set for January 7, but under a schedule announced by the committee tobacco rates will not be considered until January 23.

At that time he and others favoring higher duties on tobacco, one of the major crops of the south, are expected to appear personally with a definite schedule of rates.

"Without committing myself to the high protective theory as a wise policy, I am convinced," the senator said, "that if the system is to be continued in the country the benefits of the system ought to be distributed equally and protection extended to farm products wherever protection can be of the slightest benefit to the farmer. I have already interested myself in a proper increase in the tariff on peanuts and in the levying of a tariff of substitutes for cotton, particularly jute. As a member of the finance committee of the senate, before which the bill will come after leaving the house, I will be in position to insist upon adequate protection for peanuts, substitutes for cotton and for an effective duty on tobacco."

Boston Baseball Magnate Charges Graft Approach

Boston, January 2.—(AP)—The Boston finance commission, sitting as a tribunal to hear charges of bribery, today heard Emil Fuchs, president and manager of the Boston National League baseball team, testify that William G. Lynch, Boston city councillor, had sought a bribe for favorable action by him to permit Sunday baseball and other sports in Boston. The hearing was on charges made by Charles F. Adams, vice president of the club, and owner of the Boston Bruins team of the National Hockey League.

Fuchs' testimony had to do mainly with a meeting in his suite at the Copple Plaza hotel, at which, he said, Lynch told him he represented a "bloc" in the city council which could hold up passage of the Sunday sports bill, recently introduced by a referendum in the state.

"Lynch told me," Fuchs testified, "that they (the members of the bloc) had come to the conclusion that passage of the bill would give Adams Sunday hockey and that they thought they ought to get something out of it. They argued, Lynch said, how many Sunday days the Braves would have and how much the receipts would be."

The testimony was given in the hearing room of the finance commission, which on several occasions was critical, prevented an operation until today.

The baby had to overcome pneumonia before the surgeons would attempt to remove the obstruction. During the 18 days liquid foods were the boy's only nourishment.

Mr. Herbert Hoover and General Squier

You should give your closest attention to their articles in the January issue of NATION'S BUSINESS

Mr. HERBERT HOOVER . . . President-Elect

Major General GEORGE O. SQUIER, U. S. A.

We are on the threshold of an experience new in this country. For the first time since the Republic was founded it has chosen as President an engineer-scientist.

It is this engineer quality of Mr. Hoover's mind that moved General Squier to write "The Amazing Years Ahead." It is the engineer quality in Mr. Hoover that led him to set down his specifications of the relationship of government and business.

He called this philosophy "American Individualism," and has since demonstrated by his work his faith in these principles. Impressed by this fact

NATION'S BUSINESS bought serial rights a year ago and presents in this issue the first installment.

Much has been written about what someone else thinks Mr. Hoover thinks. Here in his own words is what Mr. Hoover does think. Nothing can be more timely than this description of his policies and principles.

Buy and read this important issue of NATION'S BUSINESS. Let its 30 other articles, editorials and reviews complete the accurate, entertaining survey of business that follows the lead of Mr. Hoover and General Squier.

Georgia Postmasters Safe In Jobs Despite Gifts To G. O. P. Organization

Postmaster General New Says Department Will Ignore Brookhart Committee Disclosures.

Washington, January 2.—Georgia postmasters who made regular contributions to the republican organization of the state as revealed this week in the special report from the Brook-

hart senatorial investigating committee need have no fear of being relieved of office on that score.

Postmaster General Harry S. New, in a statement to the Constitution here today, declared that the policy of the department will be to ignore the contributions so far as they relate to the postmasters themselves. His statement sets at rest rumors that wholesale dismissals might follow the report of the special committee, headed by Senator Smith W. Brookhart, republican, of Iowa.

The postmaster general drew a

sharp distinction between the case of the Georgia postmasters and that of the two Florida officials who were summarily dismissed from the service last spring on charges of having paid sums of money to republican leaders there for their appointment to office.

Opposed to System.
At the same time he stated emphatically that the department is vigorously opposed to the system of contributions from federal patronage holders as disclosed and intends to do everything in its power to wipe it out.

"Georgia is not the only state, however, in which this system prevails," he asserted. "In a report I submitted to the Brookhart committee several months ago I pointed out that the system prevails quite generally and has been practiced under republican and democratic administrations alike. Nevertheless, the department strongly condemns the system and will cooperate to the fullest in stamping it out."

Meantime Senator Walter F. George, of Georgia, who sponsored the resolution authorizing the investigation into southern patronage distribution, announced today that he is drafting a bill to be presented soon seeking to make it more difficult for republican organization officials to collect funds from postmasters and others for alleged campaign purposes.

George Explains Law.

Returning to his office today after spending the Christmas holidays in his state, Senator George explained that the present law on the subject contains an injunction only against soliciting funds from federal employees on federal property, together with a provision making it illegal to accept funds in payment for securing a federal office. While there is no way to prevent postmasters from making voluntary contributions to political organizations, the new measure he intends to offer will make it illegal to solicit contributions from federal officials under any circumstances.

An effort was made to have a measure of this scope passed last session but failed. In the light of the Brookhart report the Georgia senator believes that approval will now be forthcoming.

Postmaster General New revealed today that the report of the Brookhart committee was largely based on information supplied by him. A short time back, he said, he sent out a questionnaire to all postmasters in the four southern states of Georgia, Tennessee, South Carolina and Mississippi asking them to inform him on the extent and regularity of contributions to their state republican organizations. This information he forwarded to the senatorial body as soon as it was compiled. Practically the same conditions disclosed in Georgia were found in the other southern states, he declared. Without having the exact figure before him the postmaster general estimated that at least 50 per cent of the postmasters had been contributing to state republican headquarters.

MEDICAL SOCIETY TO INSTALL HEADS FOR 1929 TONIGHT

Installation of officers and award of 25-year membership certificates to four associates will feature the annual meeting of the Fulton County Medical society at 7 o'clock tonight in the Capital City club.

Dr. Archibald Smith, Dr. William T. Jones, Dr. E. G. Ballenger, and Dr. W. A. Upchurch will be paid tribute for their long affiliation with the organization by award of quarter-century membership certificates. The documents will be presented by Dr. W. B. Emery, one of the oldest members of the society.

ATLANTA'S NAVAL UNIT INSPECTION SET FOR JAN. 21

Annual inspection of Atlanta's naval reserve unit consisting of about 200 enlisted men and ten officers, will be considered January 21 by two regular naval officers of the naval reserve inspection board of Washington, it was announced Wednesday. Inspection during the day will consist of paper work, and examination of clothing, equipment and ordnance, and at 8 o'clock at night the men will be put through close order drill, ship drills, gun crew work and similar maneuvers. Lieutenant Harry F. Dobbs is battalion commander and junior grade. Lieutenants W. C. Wroe and M. R. Sanders are in charge of the first and second divisions respectively.

T. K. GLENN TELLS OF SCOTTISH RITE AID TO CHILDREN

Thomas K. Glenn, president of the Atlanta and Lowry National bank and a director of the Scottish Rite hospital, addressed the weekly meeting of the Atlanta Masonic club Wednesday at the Wineoff hotel.

Mr. Glenn outlined the activities of the Scottish Rite hospital and paid tribute to the Masonic club, which this year has undertaken to provide a milk fund at the hospital. He discussed corrective methods that are being successfully used at the institution, enabling the authorities to turn crippled children into healthy men and women, cured of physical defects.

Mr. Glenn was introduced by Dr. Claude Hutchins, who had charge of the program. B. C. Broyles, president of the club, presided.

BRANCH, HOWARD TO AID DEFENSE OF W. L. SHIPPEY

The law firm of Branch & Howard has been retained to aid in the defense of W. L. Shippey, shipping clerk in a grocery warehouse, who is charged in an indictment with the murder of Hall Davis, automobile dealer, William Schley Howard announced Wednesday night. Mr. Howard said that his firm will be associated in Shippey's defense with Judge W. W. Findall. The date for Shippey's trial has not been set.

WIDOW, CHILDREN SHARE IN ESTATE OF J. C. CRANKSHAW

The will of the late Joseph C. Crankshaw, Sr., who engaged in the jewelry business here for many years, was probated in common form Wednesday at the office of the Fulton county ordinary, and an application was filed for probate in solemn form. The will leaves the bulk of Mr. Crankshaw's estate to his widow during her lifetime, the property to go to the three children, J. C. Crankshaw, Jr., Charles Weir Crankshaw and Miss Mary Elizabeth Crankshaw, at Mrs. Crankshaw's death. The children also were left certain legacies. The will was filed by E. V. Carter as attorney for Mrs. Crankshaw, who was named as executrix.

The 1929 MONCRIEF

AS
MODERN...AS
TOMORROW

Through years of careful study, Moncrief has maintained an unusually high standard of furnace design. Even 30 years ago the Moncrief was as fine a furnace as the knowledge of that day could produce, and hundreds of those earlier models are still serving faithfully.

But constant research pointed the way to countless improvements. Each year's Moncrief has been better than its predecessor, and the 1929 Model, coupled with scientific methods of installation approaches a degree of perfection never attained before. There is increased air capacity, a new and higher degree of efficiency, lower fuel consumption, increased humidification and dozens of other remarkable advancements.

Ask your architect or contractor about the new Moncrief before you consider a cheaper furnace. Our Time Payment Plan secures immediate installation in your present home with a cash payment as low as \$15.00 and Moncrief's guarantee is positive assurance of "Seventy Degrees Regardless of Weather."

Moncrief Electric Heat Distributor assures you of positive distribution of heat in every room. It can easily be installed in your new model Moncrief or in your present furnace. Full information gladly given.

WIDER SCOPE PLANNED FOR BICKERSTAFF HEADS BY COMMUNITY SHOP FIREMAN'S FUND GROUP

Community Chest Agency Looks Eventually To End of Begging Here.

A career of broader service for the Community shop, Atlanta's picturesque experiment in human helpfulness and regeneration, was launched with the new year, and a plan of operation which looks eventually to an end of begging in Atlanta was announced Wednesday by Miss Frances Hunter, its manager under the new arrangement.

Until her appointment as manager of the Community shop, Miss Hunter was placement secretary for the Community Employment service, under auspices of which the shop was opened July 17 to give employment at broom and mop making to persons blind and otherwise handicapped physically, who likely would be charges on the community's charity. It is an agency of the Community Chest.

"The shop has been reorganized and its work extended," Miss Hunter said. "Into the reorganization has gone a combination of support by the Community Employment service, the Georgia Association for Workers for the Blind, and citizens at large. The name has been changed from the original designation as the Community Broom and Mop shop to that of the Community shop."

With the reorganization, a board of 20 members has been named, giving the Community shop a definite and individual status. Its officers are announced as follows:

President, Harold Hirsch; vice president, Roy LeCraw; secretary and treasurer, Mrs. Frank Lowenstein; manager, Miss Hunter; managing advisory committee, L. H. Beall, J. P. McGrath, John Ashley Jones, Mrs. John J. Egan, and Paul Donehoo. The latter, Fulton county's blind coroner, is one of the most active figures in the Georgia Association for Workers for the Blind, which organization has been zealous in seeking means for profitable employment of sightless persons and for encouraging independence and self-respect on their part.

While interest has been created in fire insurance circles here by announcement of J. B. Levison, of San Francisco, president of the fireman's fund group, composed of the Fireman's Fund Insurance company, Home Fire and Marine Insurance company, Occidental Insurance company and Atlanta Home Underwriters, that Charles A. Bickerstaff, formerly joint manager of the southern department of these companies, has been advanced to the position of sole manager

CHARLES A. BICKERSTAFF.

effective January 1, 1929. The southern department is centered in Atlanta and Mr. Bickerstaff will have full charge of the interests of these companies in the south. The southern business of this important group of companies heretofore has been supervised by Edgar T. Gentry and Mr. Bickerstaff as joint managers.

The change in management was brought about by the retirement of Mr. Gentry as a joint manager, which comes at his request after 20 years of active service with the Fireman's Fund and its affiliated companies. Mr. Gentry has been one of the foremost insurance officials in the south and has a host of friends throughout the south.

Mr. Bickerstaff began service with the Fireman's Fund organization in 1915 as assistant manager. In January, 1927, he was promoted to the position of joint manager. He began his insurance career with the late Joel Hurt and his various enterprises with whom he was connected for 14 years. His insurance career began when he entered the local department of the old Atlanta Home Insurance company in 1906 as a solicitor. He was successively promoted to manager of the local department, assistant secretary of the company and later to secretary. While secretary of the Atlanta Home Insurance company he acted also as general agent for the Hamburg-Bremen Insurance company for four southeastern states. He left the last mentioned connections to join the Fireman's Fund.

The southern department territory comprises Alabama, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, Texas and Virginia. Mr. Bickerstaff is president of the Insurance Library Association of Atlanta, a director of the Atlanta Realty corporation, the Continental Trust company and other institutions. He is a member of the Druid Hills and Atlanta Athletic clubs.

Guard Against "Flu"
With Musterole

Influenza, Grippe and Pneumonia usually start with a cold. The moment you get those warning aches rub on good old Musterole.

Musterole relieves the congestion and stimulates circulation. It has all the good qualities of the old-fashioned mustard plaster without the blister.

First you feel a warm tingle as the healing ointment penetrates the pores, then a soothing, cooling sensation and quick relief. Have Musterole handy for emergency use. It may prevent serious illness.

To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole.

Stockholm, January 2.—(AP)—Two workmen were killed today and several injured in the explosion of a half-ton of dynamite which destroyed a factory at Grangenberg.

Rayon's Beauty Captures Fancy In Style Exhibit

Graphical demonstration of the widespread and growing use to which rayon is being put in the feminine wardrobe was launched at the Davison-Paxon company Wednesday when the Rayon Institute of America staged the first showing of delightful clothes made from this fabric in the tea room on the sixth floor of the department store.

Similar showings in effective and elaborate settings will be held daily for the remainder of the week at 3:30 o'clock in the afternoon, and store audience

charities cordially invite the public to see the colorful and tasteful exhibitions.

The beautiful rayon creations, ranging from morning and sports costumes to shimmering evening creations, are worn by New York models of the Rayon Institute and the Davison-Paxon store, and include garments made both in rayon and in combinations with wool, linen, silk and cotton. The costumes were designed by leading style authorities of Paris and New York and are gorgeously beautiful in every detail.

In connection with the showings of garments on the models—the latter walking on a specially-constructed and elevated walkway—there is an exhibit of delightful rayon articles in a wide range of uses on the sixth floor.

Raymond A. Kline, general manager of the Davison-Paxon store, introduced the rayon shows to a big audience of Atlanta women, outlining

the educational purposes of the events. George Harris, president of the Exposition Cotton mills, delivered a brief address in which he praised the rayon industry as a distinct aid to the cotton industry by reason of the fact that rayon decorations on cotton fabrics are causing a distinct revival of demand for the latter in the feminine wardrobe. Miss Ann Puryear Wright, of the Rayon Institute, told of the tremendous strides made in the development and popularity of this new fabric, and described each of the shimmering costumes as it was worn before the audience.

The speaker at this afternoon's rayon demonstration will be Willis A. Sutton, superintendent of Atlanta schools. At the Friday demonstration Philip Alston, president of the Atlanta Chamber of Commerce, will deliver a brief address.

PHILIP H. ALSTON TO SPEAK TODAY BEFORE JAYCEES

Philip H. Alston, newly-elected president of the chamber of commerce, will be the honor guest and principal speaker at the first week, luncheon meeting of the Junior chamber of commerce for the year 1929 at the chamber of commerce building at 12:30 o'clock this afternoon.

Additional features of the program include several specialty dances by Dixie Duncan, former folies girl, and two vocal selections by Aubrey Simmons, tenor. Harvey G. Smith, southeastern manager of the Mohawk Cigarette Co., is scheduled for "Ten Minutes of Fun."

her of commerce building at 12:30 o'clock this afternoon.

6-6-6

vs. INFLUENZA

To combat the flu, take 666 every three hours till it acts well on the bowels, then three times a day. As a preventive, take it two or three times a day. 666 was found to be one of the most effective remedies during the last flu epidemic.

ILLUMINATED XMAS
TREE CAUSES BLAZEThree Girls Burn to Death;
Six Escape in Jump
From Window.

Monmouth, Ore., January 2.—(AP)—A dart of flame from an illuminated Christmas tree set fire to a private dormitory on the campus of the Oregon Normal school here last night and three girl students were burned to death. Six others escaped by leaping from a second-story porch of the burning building.

The dead: Miss Evelyn Ohman, of Portland; Miss Florence Graham, of Newport, Ore.; and Miss Margaret Hemmers, of Gresham, Ore.

The tragedy came on the eve of the opening of school after the holidays, and the girls had just returned from their homes to resume their studies today.

Occupants of the dormitory had retired for the night and were trapped when the tinder-like Christmas tree burst into flames, presumably started by faulty electrical wiring and sent runners of fire darting into curtains and other inflammable furnishings.

The six girls who escaped were Gladys McCumsky, Irene Stevens, Alice Wallace, of Woodlands, Wash.; Bessie Thomas, Wilma Baker and Lillian Hibbeck, of Gresham. They crowded through the windows above the roof of the porch and leaped to the snow-covered ground without mishap.

Miss Minnie Mack, owner of the building, was seriously burned in trying to extinguish the fire and while running from room to room to spread the alarm.

Fire fighting equipment on the campus was insufficient to cope with the blaze and the demoralized telephone service to surrounding towns delayed calls for outside aid. Equipment from Independence, Ore., finally responded, but was successful only in preventing the flames from spreading.

The telephone service had been crippled by recent heavy snow.

KOROSHETZ QUILTS

JUGOSLAVIA POST

Belgrade, Jugoslavia, January 2.—(AP)—King Alexander today accepted the resignation of the government of Premier Anton Koroshetz, which was submitted last week.

ATLANTAN SAYS
SARGON TONES UP
ENTIRE SYSTEM

R. A. Cone Tells of His
Quick Improvement
Brought About by New
Scientific Formula.

"There is no doubt in my mind that Sargon is one of the greatest medicines ever placed on the market. For it certainly has done more for me than anything I ever tried and is the only medicine I have ever seen in my life that will do just exactly what is claimed for it."

"The chief thing that used to worry me before I started the Sargon treatment was a terrible pain that would strike me in the side when I was at work. Sometimes it hurt me so bad that I thought I would just have to give up. When I went home at night I couldn't sleep and nothing I ate seemed to agree with me. I also used to have a miserable swimming in my head which I know was caused from the fact that I never had been able to get any medicine that would set on my liver and gall bladder. I was always having to take something for constipation."

"But since I started the Sargon treatment, all this is different. I can feel myself improving every day. I get up in the morning anxious to get to the breakfast table because my appetite is good and, what's more, my food seems to agree with me. The dizzy spells have stopped altogether and the best thing of all—the pains have gone out of my side. Of course, my constipation has been relieved and I now sleep like a log."

"Sargon and Sargon Soft Mass Pills seem to have gone right to work on my liver and gall bladder and, in fact, have just toned up my whole system and cleaned it out like it should be. I'm going to keep right on taking this wonderful medicine until I'm entirely well. Although I've been sick off and on for a long time, with the improvement in my condition what it is to date—I don't think the time is far off when I'll be just as strong and healthy as any man."

The above statement was made by Mr. R. A. Cone, 39 years of age, who resides with his wife and one child at 780 Peoples street, S. W. Mr. Cone has for the past 16 years been foreman for the Atlanta Table and Desk Company and is well known and highly respected by a large circle of friends. He is a member of Masonic Lodge No. 432 in Atlanta.

Scores continue to call daily at Jacobs' main store, 6 and 8 Marietta Street, to learn more about these celebrated medicines. Sargon and Sargon Soft Mass Pills, which may also be obtained at the other Jacobs Stores all over Atlanta.—(Adv.)

G. O. P. CAMPAIGN FUND
STATEMENT IS MADECollects \$6,541,748 and
Spends \$6,256,111, Leaving
\$285,637.

Washington, January 2.—(AP)—Pocketbooks of 144,124 friends of the republican party furnished \$6,541,748 to the funds of the national committee from June 24 last to December 31, on which date a balance of \$285,637 remained, indicating disbursements aggregating \$6,256,111. Four years ago the committee collected \$4,339,479 and expended \$4,270,469 and had a balance of \$110,010.

A report on the committee's finances was made today by its treasurer, J. H. Nutt, of Cleveland, to Chairman Lehigh, of the house campaign expenditures committee.

Nutt's statement listed the amount expended for administration and expenses of the republican national committee during the period as \$3,529,178, exclusive of funds returned to state committees and allocated to other committees.

Explaining the manner in which the funds were handled Mr. Nutt said that "in many states we made an agreement with the state committee to have one solicitation for contributions for the state and national committees." In such cases where contributions were paid to the national treasurer, he said he acted merely as agent for the state committee and returned to it the state committee's proportion of collections, the percentage varying in different states.

The statement showed \$116,000 was placed to the use of the republican senatorial committee and \$228,500 was given to the republican congressional committee.

During the campaign the republican party made frequent reports on its finances and Nutt included in his statement a list of the funds received and expended between November 1 and December 31.

Gross receipts during the two months' period amounted to \$1,630,003, the statement showed, of which \$439,361 was collected by the treasurer for various state committees.

Expenditures during that period were: Administration and expense of the national committee, \$1,396,090; state committees, \$90,753 and senatorial committee \$15,000.

TWO MOBILE MEN
HELD ON CHARGE
OF KILLING MAN

Mobile, Ala., January 2.—(AP)—Death of Thomas Bunch, 40, stationary engineer, reported yesterday as accidental, took a new angle today.

Ausbund Brewer, 38, and James Torrance, 41, both engineers, carried Bunch to the city hospital dead, and reported to police that he had fallen from the running board of an automobile they were in and was killed. A coroner's jury returned a verdict that the death was accidental.

Today Brewer and Torrance are held in jail charged with murder. Two eye-witnesses were found who told police they saw Bunch and Brewer in a fight and that Brewer threw an iron wrench at Bunch, killing him. Brewer and Torrance confessed today, police said, that they "framed" the first story of Bunch's death to keep down a scandal. They were returning from a New Year's eve celebration and are said to have quarreled over a woman.

LADY HEATH FLIES
TO MIAMI TODAY;
TO OPEN AIRPORT

Washington, January 2.—(AP)—Lady Heath, English aviatrix, arrived at the naval air station at Anacostia today and will leave for Miami, Fla., tomorrow.

Lady Heath is flying her moth plane, accompanied by Mrs. Lancaster, wife of Captain William Lancaster, of the royal air corps.

An accompanying plane was flown by Captain Lancaster with Miss Eleanor Smith, of Freeport, Long Island, as a passenger. At Miami Lady Heath will dedicate a new airport.

VARE IS REPORTED
SLIGHTLY BETTER
AFTER 3-DAY REST

St. Pierce, Fla., January 2.—(AP)—Senator-elect William S. Vare, who was reported today by his physician as slightly better following a rest of three days since his arrival here, Vare, who suffered a paralytic stroke some time ago, was able to be up in a wheel chair today, and sat for a short time in the sun. He spent most of the time, however, reclining on a settee in the lobby of a local hotel, where he has had a radio set installed.

WASHINGTON MAN
ADMITS ROBBING
CAPITAL THEATER

Washington, January 2.—(AP)—Elmo Williams, 28-year-old holdup man, pleaded guilty today to charges of robbing the Earle theater here last fall and was held under \$10,000 bond for grand jury action. His uncle, Thomas Edson Williams, of Tampa, Fla., accused of complicity, pleaded not guilty and was held for the grand jury under \$5,000 bond. Unable to post the stipulated security, both were committed to jail.

3 NAVY DIVISIONS
LEAVE ON ANNUAL
SOUTHERN CRUISE

New London, Conn., January 2.—(AP)—Three divisions of the navy control force under Rear Admiral Frank R. Upham, comprising 11 submarines, the flagship tender Camden and the salvage vessel Falcon, left here today for Hampton Roads, Va., on the first leg of the annual southern cruise for winter maneuvers.

Woman Unconscious
Since Christmas Eve
May Not Recover

Homestead, Fla., January 2.—(AP)—Condition of Mrs. S. E. Shuler, 74, resident here, who has not awakened since hiding members of her family good-night Christmas eve, remains unchanged.

According to her daughter, Mrs. G. W. Snyder, of Miami, who has been in constant attendance at her mother's bedside, Mrs. Shuler had been in ill health for about three years, but during that time had been up and around her home. The only nourishment she has taken since asleep was a small quantity of milk.

Paralytic condition of the woman's right arm has been found by physicians attending the case. They say the patient has little chance to recover.

STATES LACK POWER TO FIX GASOLINE COST

Supreme Court So Rules in
Branding Tennessee Law
Invalid.

Washington, January 2.—(AP)—States were held to be powerless to fix the price of gasoline by a ruling of the supreme court today, setting aside as invalid such a law in Tennessee.

The court asserted that it had repeatedly declared that a state legislature was without constitutional power to fix prices at which commodities may be sold, services rendered or property used, unless the business or property involved was "affected with a public interest." Its opinion handed down by Justice Sutherland, to which Justice Holmes dissented, declared that gasoline is one of the ordinary commodities of trade, and that dealing in it, irrespective of its extent, does not affect it with a public interest.

Tennessee Law.
The state of Tennessee had declared gasoline to be a public utility in view of its universal usage and indispensability, with the object of meeting the previous decisions of the supreme court regarding the fixing of commodity prices.

The claim that the price-fixing law was warranted because the sale of gasoline in Tennessee was monopolized by certain dealers was not sustained by the facts, the court stated. Pointing out that the statute had been drawn with a saving clause which provided it should not fall as a whole should any part be found unconstitutional, the court reached the conclusion that it was the purpose of the legislature in enacting the statute

to fix the price of gasoline and that the entire act must fall.

Validity of Law Challenged.
The validity of the law was challenged by the Standard Oil company of Louisiana and the Texas company. The state of Tennessee asserted that it had been the practice of the large oil producing companies to depress the retail price until competition was removed and then jump up the prices to the injury of the consumer. The oil companies denied the unfair practices, insisting that the real purpose of the legislation was not to benefit the ultimate consumer but to keep in business middlemen who were being injured by the producing companies selling directly to filling stations and other retail dealers.

Question Before Court.
Explaining that the only question the court had to consider was the power of a legislature under the federal constitution to authorize the state to fix the price of gasoline, the court asserted that a state had no right to impose on foreign corporations doing business within its borders conditions which require the relinquishment of rights guaranteed by the federal constitution. Reviewing various provisions of the price-fixing law the court stated that it was shown conclusively that all were mere adjuncts of the price-fixing section and mere aids in its effective execution. When the price-fixing section fell, it was therefore necessary for the entire act to go down, because there was no reason for collecting data and doing other things provided in the law.

NAST AND BRIDE ELUDE REPORTERS; LEAVE FOR NASSAU

Miami Beach, Fla., January 2.—(AP)—After eluding reporters for almost a week by registering at a hotel under the name of Charles Foster, Cond Nast, New York publisher, and his bride left today for Nassau to continue their honeymoon.

Georgia's Electors Assemble at State Capitol And Cast 14 Official Votes for Governor Smith

Photo by George Corbett, Staff Photographer.
Georgia's electors met at the state capitol Wednesday at noon and cast the 14 official votes of this state for Governor Alfred E. Smith, democratic nominee for the presidency, who was defeated by Herbert Hoover, the republican nominee. The electors in the picture (left to right) are: Front row, John W. Bennett, Waycross; E. G. Rogers, Ashburn; C. C. Brantley, Valdosta; Judge John S. Candler, Atlanta; Edgar Watkins, Atlanta; Ernest Camp, Monroe; Dr. E. A. Tigner, Milledgeville; and B. P. Gaillard, Gainesville. Back row: C. M. Dobbs, Marietta; L. D. Passmore, Sylvester; Judge Samuel B. Adams, Savannah; John W. Hammond, Atlanta; Edgar Blalock, Fayetteville; W. R. Jones, Greenville; and John B. Wilson, Atlanta.

Another four years rolled around Wednesday and the state of Georgia again cast her electoral vote for a democratic presidential nominee, when the electors named in the recent general election met at the state capitol and cast the 14 official votes of this state for Governor Alfred E. Smith, down, because there was no reason for collecting data and doing other things provided in the law.

After the formalities had been concluded at the capitol, the electors dis-

patched a telegram to Mr. Smith, saying:
"We, representing the democratic party of the commonwealth of Georgia, this day give our heart and hand to a vote for you for president of the United States.
"Your interpretation of democracy in this day and generation is as pure as was Thomas Jefferson's.
"We wish for you continued health and vigor.
"(Signed) Presidential Electors of Georgia."

Those present were: Judge John S. Candler, Atlanta, and C. C. Brantley, Valdosta, state at large; Samuel B. Adams, Savannah, first district; L. D. Passmore, Sylvester, second district; W. R. Jones, Greenville, fourth district; Edgar Watkins, Sr., Atlanta, fifth district; Edgar Blalock, Fayetteville, sixth district; C. M. Dobbs, Marietta, seventh district; Ernest Camp, Monroe, eighth district;

B. P. Gaillard, Gainesville, ninth district; E. A. Tigner, Milledgeville, tenth district; John W. Bennett, Waycross, eleventh district; John B. Wilson, Monroe, twelfth district. Dobbs and Wilson were chosen to cast the ballots for the seventh and twelfth districts, respectively, in the absence of N. A. Norris, of Marietta, and J. W. Palmer, of Alley. Judge Candler presided and John W. Hammond, of Atlanta, was elected secretary.

**CARLTON TO ISSUE
NO PERSONAL BIDS
FOR INAUGURATION**
Tallahassee, Fla., January 2.—(AP) Individual invitations to the inauguration of Doyle E. Carlton as governor of Florida will not be issued. This was the pronouncement today of Malie Martin, general secretary of inauguration arrangements, when he heard reports that residents in some sections of the state were expecting such invitations.

It is not customary in Florida, he explained, for the governor to issue invitations to his inauguration. The public, he said, participates in the ceremonies, and the inauguration is held by the people for the governor, and not by him. Further, he added, it would be an impossibility to issue individual invitations as the governor-elect considers all people of the state as "worthy of an invitation to the ceremonies."

U. S. COURT RULES INSURANCE MONEY IS PART OF ESTATE

Washington, January 2.—(AP)—In a case regarded as of great importance in the insurance world, the supreme court ruled today that money obtained from life insurance policies becomes a part of the estate subject to federal taxes when the deceased had retained the right to change the beneficiary at any time.

The case was started by the Chase National bank of New York, and involved taxes paid the government on approximately \$200,000 in insurance carried by Herbert W. Brown, who died in 1924.

Brown left an estate of \$524,000 not including the policies. After al-

Chicago University Receives 1928 Gifts Totaling \$6,858,042

Chicago, January 2.—(AP)—The University of Chicago during the past year received gifts totaling \$6,858,042, it announced today.

Among the gifts were \$1,000,000 for the Albert and Flora Lasker foundation for medical research; and \$1,000,000 from the Laura Spelman Rockefeller foundation to endow the new chapel on the campus.

Young People Now Enrolling For Business Courses at The Southern Business College

Business Education Now a
Necessity—The Business World Demands It.

From Atlanta and all parts of the country young men and young women are making their way to the Southern Shorthand and Business University, for the purpose of equipping themselves with a practical business education, knowing that such an education is the only doorway to the best positions in the commercial world.

Enrollment of new pupils will continue for several days.

On entering the Southern yesterday one of the new pupils said:
"I have been trying for several weeks to secure a position without a business education, but every firm I called upon advised me to first obtain a knowledge of shorthand and typewriting or bookkeeping, and to do so at the Southern Business College, so I am enrolling for a complete course."

We no longer follow in the footsteps of our fathers. We are building a new road—a road constructed for speed, a road challenging the ambition of skillful drivers, and terrifying the unskillful.

Nothing in the industrial or business world is done today as it was twenty-five years ago. Bookkeeping, accounting, manufacturing, selling, shipping—all have been completely changed.

One of the most striking changes that the recent years have brought about is the change in business and industrial organization. Formerly the workman in the factory performed half a dozen operations—held half a dozen jobs, and the salesman was also the stock clerk, the bookkeeper, and the buyer. But specialization has gone on in every line of business until today there is no place that can be filled by the untrained man or woman.

Any doubting Thomas who may question this analysis of business may quickly satisfy himself by visiting a dozen offices and applying for positions, relating that he is earnest, ambitious, strong, has a good general education, and on top of all this must have a job. He will find that there are places open for bookkeepers,

L. W. Arnold, President
and one of the six shorthand instructors of the Southern Shorthand and Business University.

stenographers, accountants, sales managers, file operators, correspondents, typists, etc., but absolutely none for the untrained man, no matter how earnest and ambitious he may be.

The Employment Department of the Southern is a great benefactor to those who complete the Southern's course, because they are well qualified to do what business men want done.

Applications for entrance should be sent in early. Atlanta's big business program for 1929 will call for many of the Southern's graduates, and it would be wise, therefore, for those interested to begin their preparation this month.

Call, phone or write for catalog. Address L. W. Arnold, President, 86 Whitehall street, Atlanta, Ga. Accredited by the National Association of Accredited Commercial Schools.—(adv.)

MANY MELONS ARE CUT ON FIRST BUSINESS DAY

New York, January 2.—(AP)—Declaration of dividends and stock splits intrigued the attention of Wall street on the first business day of the new year.

Directors of the American International corporation, of New York, called upon stockholders to meet January 17 to approve a proposal to split up the present capital stock on a two-for-one basis and to sell \$25,000,000 20-year 5 1/2 per cent debentures.

Under the plan the capital stock would be increased to 1,000,000 shares, with 980,000 outstanding, and a second increase made to 2,000,000 shares to provide for conversion of debentures. Each shareholder would receive two new shares for each present share held, the new shares being placed on a dividend basis of \$2 and 4 per cent in new stock per annum. The present dividend rate is \$3 annually.

Directors of the Mullins Manufacturing company, of Salem, Ohio, declared an initial dividend of \$1.75 on new 7 per cent preferred stock, payable February 1 to stockholders of record January 16.

President R. M. Eastman, of the W. F. Hall Printing company, of Chicago, informed stockholders that while the present unusual growth of the company continues, it is planned to pay a regular annual dividend of 5 per cent in stock in addition to a cash dividend of \$1 per share.

Directors of Kennecott Copper company recommended to stockholders that capitalization be increased to 10,000,000 from 5,000,000, with holders of the outstanding 4,516,163 shares receiving two shares of new stock for each old share held.

MUSLIMS GIVE UP IDEA OF SEEKING INDEPENDENCE ACT

Calcutta, India, January 2.—(AP)—The all parties conference of Muslims under the presidency of J. H. Asa Khan has agreed to a resolution formulating Muslim demands regarding constitutional reform of India. It was decided to omit references to dominion status or independence.

Instead the Muslim recommendations emphasize the demand for adequate representation and deprecate a joint electorate with Muslim interests being safeguarded. Safeguards for the Muslims in cultural and linguistic matters also are demanded.

TWELVE NEGROES NAMED AS WINNERS OF HARMON PRIZES

New York, January 2.—(AP)—Twelve negro men and women today were announced as prize winners in the third year of the series of the Harmon foundation's awards for distinguished achievement among negroes.

Cash awards totaling \$5,000, and recognition was given only for achievement of national significance and judged as favorably measurable with the best that has been done in particular fields by any race or nationality. The Harmon foundation was formed by the late William E. Harmon, philanthropist, who continued through the foundation his financial gifts to writers, poets, negroes and children.

NEW CITY OFFICIALS NAMED AT AMERICUS

Americus, Ga., January 2.—(Special.)—The mayor and council of Americus has named new city officers and department heads who will serve during the next two years. Dr. J. W. Chambliss, city physician; Stephen Pace, city attorney; and Cecil Crapps, assistant chief fire department, were the only officials who failed of reelection to their former posts. Officers elected by council are G. C. Webb, city attorney; Dr. H. A. Smith, city physician; Dr. S. F. Stapleton, city clerk and milk inspector; A. D. Gatewood, clerk and treasurer; S. S. Hudson, city engineer; J. N. Worthing, chief police; P. V. Ross, police lieutenant; J. E. Hays, chief fire department; and J. E. Davis, assistant fire chief, with O. R. Reese, sexton of Oak Grove cemetery.

Mount Airy Elects.

Mount Airy, Ga., January 2.—(Special.)—S. H. Flint has been elected mayor of Mount Airy. Other new officers for the year are Charles L. Dennis, Carl E. Scott, Captain A. E. Walker, John Echols and A. L. Kinard.

Albany, Ga., Firefighters Set New Prevention Mark

Albany, Ga., January 2.—(AP)—Albany's fire department, winner of three national trophies for fire prevention given by the United States Chamber of Commerce and the National Fire Waste council, broke all records in 1928 for fire prevention. It was shown in the annual report for Chief D. W. Brosnan, made public today.

The city had fewer fires and less fire loss in 1928 than in any other year of its history, according to the report, which expressed the opinion that it was believed to have set a

record for low fire losses that will stand for many years.

During the year just ended Albany had only 91 fires, and the total net loss was \$4,520, representing a per capita of 23.3 cents and a property loss of 16-100 of one per cent of the value of property involved.

In 1924 Albany was awarded the grand trophy for cities of 20,000 or less, and in 1925 and 1926 the city won the grand award for all cities in the United States, irrespective of size. In 1927 Albany withdrew from the competition, although it bettered its former record that year. Again in 1928 the city did not compete.

November also brought 1,000 home accident fatalities, 60 per cent of which were caused by burns and falls and 15 per cent from poisoning. One third of the victims of deaths from burns were children under five years of age.

A toll of 25,800 lives was taken by automobile accidents in 1927.

DIXIE RAILROAD EXPANSION PLANS CALL FOR \$60,000,000

Memphis, Tenn., January 2.—Plans calling for an expenditure of \$60,000,000 and \$75,000,000 for railway expansion and improvement in the lower Mississippi valley in 1929 were announced here today by rail officials.

The Louisville & Nashville Railroad company will spend \$11,000,000 on new equipment and improvements and the Illinois Central plans an expenditure of \$8,000,000 for new equipment alone, it was said. Other lines have announced plans to spend the largest amounts of capital in their history to provide for handling the growing tonnage in this section.

MENDOSA, MEXICAN REBEL CHIEFTAIN, AIDES SURRENDER

El Paso, January 2.—(AP)—The newspaper El Continental today reported the surrender to the federal government yesterday of Benjamin Mendosa, a rebel chieftain who was active for some months in the state of Morelos. Twenty of Mendosa's officers surrendered with him.

Diphtheria Antitoxin Carried to Far North By Two Aviators

Edmonton, Alta., January 2.—(AP)—Captain "Wop" May and Vic Horner hopped off here at 12:45 p. m. today in an Avion plane to carry a supply of diphtheria antitoxin to Hudson Bay company trading posts at Fort Vermilion and Little Red River in the far north. The weather was cold and fair.

New Will Inaugurate Mail Plane Flight To San Juan, P. R.

Washington, January 2.—(AP)—Postmaster General New will leave Washington Sunday for Miami to officially inaugurate the first flight of the Pan-American Airways plane on the first of the services linking Central America with the United States. He will be accompanied by Second Assistant Postmaster General Glover.

The first plane will leave Wednesday morning for San Juan, Porto Rico, with Havana, Cuba, as its first stop.

CITY'S 1929 REVENUE
TO BE SAME AS 1928Hike of \$90,000 in Revenue
To Be Offset by Water
Receipts Decrease.

Despite a hike of \$90,000 in revenue accruing to the city in 1929 from increases in real and personal property, the municipal government will receive no more money than it got in 1928, B. Graham West, city comptroller, announced Wednesday.

Total revenue, exclusive of bond funds, street bonds and assessments, will just about equal that of last year and is estimated at \$11,000,000.

Real and personal property was assessed at \$297,000,000 and \$101,000,000, respectively, in 1928. Street taxes were about \$75,000 and water receipts \$1,775,000, according to Mr. West's figures.

There is an estimated \$6,000,000 increase in real and personal assessments, which will turn the \$90,000 into the coffers of the city. The water department, however, has estimated a reduction of \$75,000 in water receipts. Revenue of other departments of the city government, including business licenses, will be approximately what it was in 1928.

"This means," Mr. West declared, "that the city will actually have about \$90,000 less in revenue for improvements and operation of the various departments than it had in 1928, due to the fact that an additional \$2,000,000 in bonds were sold during the last year and the interest on them will be \$90,000."

Councilman Wiley L. Moore, of the seventh ward and chairman of the finance committee, will return to the city this morning and he and Mr. West will continue the interviews with department heads in an effort to reduce the total amount of money asked in the 1929 finance sheet before the entire committee meets to make up the budget.

Probability is that the finance committee will meet the week beginning January 14 to make up the sheet, but the time required is expected to be cut because of the innovation of interviewing the department heads prior to the meeting of the committee.

Council will be reorganized January 7 and the committee cannot begin consideration of the budget until after it is named that night. The budget will be ready for action of council at its regular semi-monthly meeting to be held January 21.

Matinee Crowd
Won by Artistry
Of Wagner Stars

BY PAUL STEVENSON.

After its first matinee appearance in Atlanta in its new engagement the Charles L. Wagner Producing company apparently was a fixed and permanent institution in Atlanta amusements if the genuine appreciation expressed by the crowd means anything.

With the performance running as smoothly as on the opening night, individual success scored by Miss Lenora Lane, leading lady, and Kenneth Thomson, leading man, were repeated, and if anything the Wednesday matinee crowd was more expressive in its approval than the first night audience of Monday.

"Paris Bound," the initial offering, is a marvelous clever play. It contains spicy and saucy comedy, a pretty love story, and it is acted so admirably that a person feels like a real Broadway show is being unfolded before the eye.

That's really just what "Paris Bound" is as offered by the pretty and attractive Miss Lane. The dashing Kenneth Thomson and supported by as able a company of players as has appeared in Atlanta in a decade.

In the excellent supporting company is Frank Sylvestre, a master actor of the old school, who gives the young people here and there a good example of what a real actor could do in the days when there were no motion pictures or other counter attractions to draw attention from the work of actors.

Miss Margaret De Mille, Miss Marguerite Wolfe, Miss Lester Virden, Mr. Hardie, Mr. Munro, and Miss Barbara Harding turn in some parts that are perfectly acted.

Those who miss "Paris Bound" will miss not only one of the treats of the present season, but a play which is the most enjoyable play of any kind presented at the Erlanger theater since it was built.

SALVATION ARMY ASKS WARM COVERS FOR FAMILY OF SIX

An entire family of six has braved the cold of the entire winter with only two thin cotton blankets, reinforced by old newspapers, as covering, it was disclosed Wednesday when the freeze sent the mother to the Salvation army for help.

The call on army supplies for bedding, warm coats, dresses and shoes for women and for children of all ages has exhausted the stocks in many sizes and more are urgently needed, Captain Hugo Bloomberg, the social service officer said. Used garments will be collected on call to Ivy 2224 for distribution where they are most critically needed, he said.

Lack of sufficient clothing and bedding is especially dangerous now for the families of the very poor because of the prevalence of respiratory diseases which are encouraged by exposure to the cold, he pointed out.

HOPKINS TO SPEAK

Second Baptist League To Hear Attorney Sanday.

Stiles Hopkins, well-known attorney and public speaker, will address the meeting of the Business Women's league of the Second Baptist church at 3:30 o'clock Sunday afternoon, according to announcement Wednesday by Mrs. Frederic J. Paxton, president of the league. The program is sponsored by circle F of the league, with Miss Mary Ella Yancey, chairman, and Miss Pearl Moore, co-chairman.

Lease of Peachtree Street Store by Lane Drug Concern Opens 1929 Realty Activity

Space Now Occupied by JeNan's, in Henry Grady Hotel, Is Acquired for Long Term of Years.

SEARCH IS CONTINUED FOR SLAYER OF GIRL

Opening of real estate activity in Atlanta for the new year with negotiation of a lease on one of the standing sites of the central business area was disclosed Wednesday in a transaction between Lane Drug Stores, Inc., and the Nance Millinery company, announced by Moe Goldman, vice president of J. H. Zwing & Sons, Inc., who handled the deal.

In the transaction the large drug syndicate acquired the long term lease on the Peachtree street store of JeNan's Millinery concern, located in the Henry Grady Hotel building. While the aggregate rental was not disclosed, it was understood to be several hundred thousand dollars and in line with some of the biggest store leases that have been negotiated in that section of Peachtree street.

Mr. Goldman announced the lease to the Lane Drug company along with three other central property leases just closed and gave the aggregate as exceeding \$350,000 in rentals. While he stated that by far the larger part of this figure was involved in the deal on the Henry Grady hotel ground floor, he was in position to reveal the exact rental agreed upon.

Lane Drug Stores, Inc., recently organized chain of drug stores operating in several southern cities and maintaining headquarters in Atlanta, will take possession of the Henry Grady hotel location the latter part of the month, Mr. Goldman said. The company plans to remodel the front of the store and interior as soon as the property is vacated by the present tenant.

Other central property leases that brought the total in aggregate rentals announced by the Ewing agency to \$350,000 are the remodeling plans for the Nance Millinery store, which made the lease to the drug syndicate. The millinery concern plans to sell out and move to the property immediately, Mr. Goldman stated.

When possession of the store is taken by the Lane Drug concern it is expected to be maintained as one of the largest individual pharmacies of the south because of the location in the heart of Atlanta's retail center and office building district. The store fronts the south side of the main entrance to the Henry Grady hotel and under the remodeling plans will have an entrance to the hotel lobby. While not on the corner, it is situated between the hotel and the Capitol and Georgia state buildings.

EAST POINT SELECTS PHILLIPS AS ATTORNEY

East Point, Ga., January 2.—(Special.)—E. E. Phillips has been named as city attorney for East Point, following election of city officials here.

E. E. PHILLIPS.

Mr. Phillips is a native of Soperton, Treutlen county, Georgia. He attended the public schools there and later was a student at the Georgia Normal college and the Business institute at Douglas, Ga.

In furthering his education he went to Aurora college at Aurora, Ill., and later the Atlanta Law school. Mr. Phillips has lived in East Point for the past five years.

32,000 MEN APPLY FOR 30,000 JOBS AT FORD PLANT

Detroit, January 2.—(AP)—Milling about the employment office of the Ford Motor company at Fordson, a crowd estimated by officials of the company at 32,000 men today responded to the announcement of the company that 30,000 additional men will be employed.

The crowd was unwieldy and the employment office, which was to have opened at 8 a. m., remained closed until guards could form the men into a semblance of a line.

Many of those outside the small building had stood all night in the snow. By 4 a. m. the number was estimated at 5,000 and by 8 a. m. Ford officials said there were 32,000 on hand.

Employment officials of the company have announced that from 500 to 600 men will be added to the plant's roster daily until the full complement of 30,000 has been added. More than that cannot be hired daily, they said, because of details of employing.

The initial announcement of the company said the 30,000 men will have been hired by March 1 to enable the operation of the plant six days a week while maintaining the Ford schedule of a five-day week for employees.

Washington, January 2.—(AP)—Opposition to the government's proposal that the supreme court review the entire case involving the conviction of Harry F. Sinclair for refusal to answer questions of a senate committee was submitted to the court today by Sinclair's attorneys, George P. Hoover, and L. B. Nichols.

Sinclair, who was sentenced to three months in jail and fined \$500, appealed to the District of Columbia court of appeals last night to set aside five questions to the supreme court for answer before rendering its decision. The supreme court set January 7 to hear arguments.

The government, through its special oil counsel, Owen J. Roberts, and Atlee Pomerene, had asked the supreme court to review the whole case on the grounds that it probably would have to do so later and that to do it now would save duplication of work.

Hoover and Lattin contended today that the government did not file the motion soon enough to permit preparation for argument of the whole case; that the court, if it had wanted the entire record, would have ordered it sent up on December 3 when the Sinclair case was advanced for argument; and that if the government motion is granted the date for arguing the case will have to be postponed.

Washington, January 2.—(AP)—One man was found dead and two more seriously injured as Chicago and vicinity shivered in the grip of near zero weather which reached its coldest stage at 8 a. m. today. The temperature at that time was 20 degrees below zero.

Some of the outlying parts of the city reported unofficial temperatures of zero and 2 or 3 degrees below.

Daniel Tannard, night yardmaster for the Chicago and Northwestern railroad, was found dead in his workhouse from a heart attack believed caused by the cold. Two other men were taken to hospitals in an unconscious condition.

Chicago was promised relief from the cold tonight with cloudiness and a minimum temperature of 14 degrees above. The cold wave is moving eastward.

Washington, January 2.—(AP)—Posting of a \$50 reward for the apprehension of a marine charged with desertion, disclosed today by the War Department, followed the killing of Private Clark Monroe Erwin, of Liberty, Miss., last Sunday night at Quantico, Va., when he and a companion were alleged to have attempted to holdup a gambling game, armed with service rifles.

Erwin was shot through the head by an unidentified negro, who hid behind a bunk when the two marines arrived on the scene of the game at a construction camp at the marine barracks. He had not fired. Erwin's next of kin were given as Mrs. Emma Erwin, his mother, and William Erwin, his brother, both of Liberty, Miss. The name of the other marine, who disappeared, was withheld.

FREIGHTER TOWED TO HAVANA PORT AFTER FIRE AT SEA

Havana, January 2.—(AP)—Dispatches to El Mundo from its correspondent at Santiago de Cuba today said that the American freighter Ortega was towed into that port yesterday by the auxiliary boat Warbler, after a fire at sea which burned out the interior of the craft.

The Ortega was on route from New York to Colombia and Haiti. No casualties were reported.

The Ortega, formerly the Stora City, is a freighter of 2,089 tons gross register and is operated by the Colombian line. She is 253 feet long and has a crew of 24 men. The Ortega was reported on November 11, have gone ashore off the coast of Haiti and later word of her was that she had been placed in the hands of salvagers who planned to take her to Santiago de Cuba.

MYRON T. HERRICK SUFFERS ATTACK OF ASTHMATIC FLU

Cleveland, January 2.—(AP)—Myron T. Herrick, United States ambassador to France since 1912, tonight was suffering from an attack of asthmatic influenza that confined him to his bed at his home at Gates Mills, a suburb.

Mr. Herrick's condition, at first believed by relatives and friends to be alarming, took a turn for the better today. At his home it was said that he was "resting easily" and was in "high spirits."

Dr. John Phillips, the ambassador's physician, said there was no cause for worry unless complications set in.

21 CONVICTED IN 1928 ON MURDER CHARGES

One White Man and Four Negro Men Receive Death Sentence During Year.

Of 64 persons indicted for murder during 1928, 21 were convicted and received penalties ranging from death to sentences for involuntary manslaughter, figures in the office of Solicitor-General John A. Boykin show.

One white man, Fred Fair, and four negro men, indicted during 1928, received the death sentence during the year, as compared with three white men and four negro men indicted and sentenced to death during 1927.

The 1928 figures show that 12 white men, 41 negro men and five negro women, a total of 64, were indicted for murder, while at the end of the year, one white man, 23 negro men and two negro women, a total of 26, were fugitives from justice, and five white men, one negro woman and two negro men were in Fulton tower at the close of the year awaiting trial on murder charges. During 1927 30 white men, 38 negro men, one white woman and nine negro women, a total of 78, were indicted for murder. Of this number 12 were fugitives from justice while 18 faced trial at the end of the year.

During 1928 two white men received life sentences, and eight received life sentences, and eight received various sentences less than death or life imprisonment, while four negro men were found not guilty. One

negro woman was given a lighter sentence than death or life imprisonment, and one was found not guilty.

Fireman Overcome By Smoke in Blaze At Alexandria, Va.

Alexandria, Va., January 2.—(AP) Two fire truck crews from Washington joined the entire Alexandria fire force today in battling a spectacular fire that destroyed the Fairfax apartment house, a four-story brick structure in Alexandria's business section, with an estimated loss of \$100,000.

One Alexandria fireman, O. R. Bayliss, was overcome by smoke in the building and another, Emmett Moore, where Bayliss was, revived shortly after his arrival there. His condition treated at the Alexandria hospital, was reported as satisfactory.

building and another, Emmett Moore, where Bayliss was, revived shortly after his arrival there. His condition treated at the Alexandria hospital, was reported as satisfactory.

Overcoats 1/2 Off (Now)

Yes, and many of 'em for less than half price. I've had my profit out of 'em 'fore Christmas, but on this last trip to New York I confess I lost my head in the Ullman Tailor Shops when they offered to close out four hundred overcoats at just one-half regular price. I bought 'em. I wish I hadn't now, so here's where 'old man' Metcalf takes a lickin'.

If you been wearin' twenty-five to forty dollar overcoats you'll know a good overcoat when you see it, and what I'm talkin' 'bout, I got 'em. Heavy, medium and light weight and every size, including extra sizes to fifty.

Ullman made 'em to retail for \$25, \$35 and \$40. Now they're at \$15.50. Take your pick now for

Yes, we got big lot of cheaper overcoats, too, which have been selling for \$15.50 and \$19.50. Take your pick of 'em now for nine ninety-nine. Step on it, come early and get your pick.

Yours truly, JOHN A. METCALF, 74 and 76 N. Forsyth St.

HIGH COURT REVERSES COUNTY PUBLIC WORKS RULING ON OIL LANDS TOTALLED \$2,252,725

Former Secretary Fall Held To Have Exceeded Authority.

Washington, January 2.—(AP)—The controversy over the ownership of an important section in the Elk Hills naval reserve in Kern county, California, was reopened today when the supreme court set aside an injunction which had restrained the secretary of the interior from inquiring into the title to the land held by the Standard Oil Company of California.

The question at issue as explained by the court involved whether the land was known to contain minerals at the time it was surveyed and claimed by the state of California as a part of its school lands.

Inquiry Authorized. Congress, by a resolution, authorized an inquiry in 1924 into the question of ownership, but when the then secretary of the interior, Dr. Hubert Work, attempted to proceed with the investigation, the Standard Oil company obtained from the supreme court an injunction restraining him from doing so. This court held that Albert B. Fall, while secretary of the interior, had taken action that precluded the reopening of the question of title. Its action was affirmed by the circuit court of appeals but was reversed today by the supreme court.

In an opinion by Justice Brandeis, to which there was no dissent, but in which Justice Brandeis took part, Justice Brandeis declared that "when Secretary Fall undertook to determine, not a fact whether the land was known to contain mineral in 1903, but as a proposition of law, that because of other conceded facts, the company's title had become unassailable, he acted without authority; and the order of dismissal based thereon did not remove the land from the jurisdiction of the department."

Comment on Fall's Act. The supreme court emphasized that the inquiry which Secretary Fall should have directed should have been into the question whether the land was of known mineral content when surveyed. It declared that congress never intended that the secretary of the interior should have authority to pass on the state's claim to the land, regardless of its known mineral character, asserting that in taking such a position the secretary would nullify the expressed intention of congress that mineral lands were not granted to the state.

Under today's action by the supreme court the secretary of the interior now will be able to inquire fully into the title of the Standard Oil company to the land, the decision depending on whether the land was of known mineral character at the time it was surveyed by the government and claimed by the state.

Hoover Elected U. S. President On Wednesday

Washington, January 2.—(AP)—Quietly and unnoted by the nation's millions of voters, electors in every state today cast the official ballots necessary under constitutional mandate to elect Herbert Hoover president.

The ceremony, for that is what it has become, was performed simultaneously in the capital city of each of the states but no excitement whatever was manifest over the outcome, nor was there any speculation that at the last minute there might be a shift of votes to Alfred E. Smith, of New York.

The electors voting today were those chosen by the people on November 6, last. They constitute what is known as the electoral college and the vote of the college is the official vote determining the next president.

The result of the vote in each state later will be transmitted to Washington, where it will be recorded with the state department, which is the medium for official communication between the states and the federal government.

ELECTRIC CURRENT INSTANTLY KILLS BOY TAKING BATH

Jacksonville, Fla., January 2.—(AP) George T. Green, young soda clerk, was electrocuted while taking a bath at his boarding house here tonight.

While standing in a tub of water, Green reached to an electric heater nearby to turn the switch, which apparently had become shorted. With the water as an added conductor, the youth was killed instantly.

Phillips' Acid Stomach

Excess acid is the common cause of indigestion. It results in pain and sourness about two hours after eating. The quick corrective is an alkali which neutralizes acid. The best corrective is Phillips' Milk of Magnesia. It has remained standard with physicians in the 50 years since its invention.

One spoonful of Phillips' Milk of Magnesia neutralizes instantly many times its volume in acid. It is harmless and tasteless and its action is quick. You will never rely on crude

Pastor-Lecturer Leaves "Pity to Rich—Love to Poor"

LAST WILL PACKED WITH SATIRE

St. Petersburg, Fla., January 2.—(AP)—Leaving his pity to the rich, his love to the poor and his alarm clock to the Minneapolis police department, the Rev. G. L. (Gollyguy) Morrill, a well-known lecturer, made a last will and testament a few days before he died recently in San Diego, Calif., friends here have learned.

Morrill, the author of a number of books on religion and travel, preached his own funeral service here and died and was given by a Victoria at his funeral as was his last request.

His last will and testament, a document packed with philosophy, satire and irony, was revealed by a son, Lowell L. Morrill, San Diego, yesterday. In part it said:

"I have lived a century. I have emulated the 'flying Dutchman' and 'wandering Jew' and like Candide, would not become disgusted. I have gone everywhere except into Tibet and bankruptcy."

"This mania for globe trotting is perhaps inherited from my ancestors, Adam and Eve, who seemingly set housekeeping in Eden before they broke up and started for another place. With Baudelaire's voyages, I would 'wander like and heaven made night foreman to succeed Browne."

Salaries of county employees during 1928 will be approximately \$1,500,000 as during 1927, a total of \$1,500,000. The salaries of the county officers, already fixed, will amount to approximately \$480,000. The total amount of salaries to be paid by the county during 1929 approaching \$2,000,000.

Street Projects Discussed. Among the street and highway projects discussed with the board of delegations of citizens were the West Peachtree widening, paving of Hogan, Stone and Diggs roads, extension of Peachtree-Battle road, North Avenue, Peachtree road to Roxboro, Peachtree-Dunwoody road and West Paces Ferry extension.

Chairman Etheridge stated that 1929 will be a lean year for the county paying projects, and that there will be many disappointments in this line, as the county faces a policy of retrenchment this year. The commission do not like to promise to take on projects that there is no definite hope of fulfilling, he said.

Wood Asks Typewriter. Mr. Wood, clerk of the commission, who has been using an old model double key-board typewriter since 1914, asked for permission to purchase himself a new and modern typewriter for his office use. This permission was readily granted by the board members, who, however, at first teased "Uncle Henry" by understanding his request as one for permission to replace a typewriter ribbon in the old model.

A petition to change the name of the county from "County of De Kalb" to "County of De Kalb" was presented to the board of delegations of citizens for consideration. The petition was referred to the public works committee for reports on the possibility of early action.

Disbursements \$3,236,331.88. Disbursements, shown by the annual report, estimated for the year ended September 30, 1928, were \$3,236,331.88, when the actual disbursements, according to the Respass and Respass report, were \$5,052,199.73, or an increase in disbursements of \$1,815,867.85. Of this amount, \$3,886,068.68 was due to disbursements for the year ended September 30, 1928, and \$428,819.05 was not included in the estimated budget.

Cash disbursements showed an excess of \$889,991.12 over receipts for 1928, according to the audit. Added to the cash over of October 1, 1927, of \$1,336,152.86, the excess for 1928 made the net excess of \$1,426,143.98. The excess for the year ended September 30, 1928, a total of \$2,326,143.98. Deducting that date, the net excess of \$1,426,143.98 was not included in the estimated budget.

Retiring Construction Chief Recommends Extensive Program of Work.

E. S. Cowan Disappears Suddenly Following Audit of Department Funds.

A comprehensive and extensive program of public improvements were recommended Wednesday in the annual report filed by William A. Hansell, retiring chief of construction, with B. Graham West, city comptroller, for consideration of the 1929 finance committee.

Among other things, Mr. Hansell seeks proper and necessary development of traffic arteries, including widening of Peachtree street, from North Avenue to Fifteenth; extension of Broad street from Mitchell to Whitehall; completion of all street widening and repaving projects already begun; construction of an underpass at North Avenue at the Southern and N. C. & St. L. railway lines, and also an overhead bridge over the same crossing at the Southern belt line; construction of an underpass on Whitehall street at the Central of Georgia tracks, replacement of the Mitchell street viaduct, and reconstruction of the street at Whitehall, Broad and Magnolia streets.

Peachtree Work Important. Widening of Peachtree street probably is the most far-reaching recommendation made by Mr. Hansell, who estimates that the project will cost \$2,000,000. The project involves the widening of Peachtree street from North Avenue to the city limits, and the reconstruction of the street from North Avenue to the city limits.

Cost of Viaduct. Cost of replacement of the Mitchell street viaduct is estimated at \$206,700.66 by the construction department, but only \$105,000 will be recommended to the finance committee by Councilman Wiley L. Moore, chairman.

Replacement of the Whitehall and Broad street viaducts would cost \$62,200 and \$70,000, respectively, according to the figures.

Designs Completed. Designs also have been completed by the construction department, but no cost estimates have yet been made, for the following structures: An underpass on McDaniel street at the Southern railway tracks; an arch bridge over Springvale park on Euclid avenue; an underpass on Whitehall avenue under the Georgia railroad; and an underpass on Hemphill avenue to North Side drive.

Receipts Hidden, GROCERY BANDITS HARVEST ONLY \$10

Two young white bandits who early Wednesday night held up W. L. McGill, proprietor of a Broyles grocery store, at 124 Sixth street, N. E., escaped with about \$10, but a considerable sum of money, representing the day's receipts, escaped their notice, according to police reports.

ROCK HILL BAND NAMES DR. KINARD TEMPORARY HEAD

Columbia, S. C., January 2.—(AP)—Dr. James Pinckney Kinard, dean of Winthrop college for seven years, was elected temporary president of the Rock Hill institution today by the board of trustees in a meeting in the office of Governor Rials.

NEW CLINCH COUNTY OFFICERS BEGIN DUTIES

Waycross, Ga., January 2.—(Special.)—The following Clinch county officers assumed their duties Tuesday: Clerk superior court, Polk Huxford; superintendent of schools, L. R. Musgrove; commissioners, Warren L. Mobley, J. W. Robinson, S. W. Sweeney, J. S. Kirkland; sheriff, B. R. Lee; ordinary, Mrs. Kate Balford; tax collector, B. A. Harper; tax receiver, J. B. Coon; coroner, Arthur Griffin; justice of the peace, John Smith, D. O. Tomlinson, B. G. Dodge, B. F. Hinson.

ATLANTA TRAFFIC CLUB WILL ELECT OFFICERS ON JAN. 11

"Big Times" are promised at the annual dinner meeting of the Traffic Club of Atlanta, to be held at 7 o'clock on the night of January 11 at the Atlanta Athletic club, which is to be featured as "Election Night," according to the information contained in the current issue of the Traffic Club Broadcast, official publication of the organization.

Clark Howell, editor of The Constitution, will be one of the speakers and an orchestra will be on hand to provide music for the occasion. The program for the evening is being sponsored by the entertainment committee of the club and the news has leaked out that talent from local theaters will be contributed and that no amateur acts will be staged.

Paul A. Wright and F. C. Cheney are heading the two rival tickets for the presidency of the organization and the election will be decided by 7:30 o'clock on the night of the dinner, as rules for the event state that the polls shall be open from 5 o'clock until that time. The voting will take place in the Atlanta Athletic club and all members in good standing as of January 1 will be eligible to cast their ballots.

MAJOR-GEN. WAHL HONORED IN DEATH BY ARMY OFFICERS

Washington, January 2.—(AP)—Major General Lutz Wahl, adjutant general of the army, was buried today at Arlington cemetery after funeral services held at St. Matthews Catholic church and at his former residence. Flags on all war department buildings have been flown at half mast since Sunday, when he died.

Major General Hanson R. Ely, commanding general of the third corps, headed the military procession to Arlington. Honorary pallbearers were Major General Charles P. Sumner, chief of the army general staff; Major General Bryant H. Wells, Major General Frank McIntyre, Major General Merritt W. Ireland, Major General Robert H. Allen, Major General B. Frank Cheatham, Major General Andrew Hero, Jr., and Major General Herbert B. Crosby.

Drink Lots of Water—Guard Against Flu

Here are four good rules to guard against the flu. (1) Keep away from crowds. (2) Drink lots of water and eat only good wholesome food. (3) Go to bed early and sleep with head raised one window partly open. (4) Keep your bowels open—BE SURE.

The best intestinal cleanser is the simple glycerine, hot water, saline compound, known as Adierka. This acts in ½ to 2 hours on BOTH upper and lower bowel (most medicines act on lower bowel only).

Adierka often brings out foul matter which may have poisoned you for months and which you would never believe was in your system.

Dr. H. L. Shoub, well-known New York bacteriologist, after testing Adierka on living subjects, reports: "Adierka markedly reduces the number of bacteria and colon bacilli, in addition to its intestinal cleansing action."

Give your stomach and bowels a REAL cleansing with Adierka and see how good you feel! Just ONE spoonful gives wonderful relief in chronic constipation, GAS bloating, sour stomach and sick headache. No matter what you have tried for your stomach and bowels, Adierka will surprise you.

It contains no aloes, calomel or senna, therefore acting without griping or discomfort of any kind. Adierka is sold by leading druggists in tin-folled bottles.—(adv.)

COOLIDGES AT CAPITOL,
GEORGIA HOLIDAY OVERPresident, Strength Renewed,
Plunges Into Accumulated
Work on Desk.

Washington, January 2.—(AP)—Back from his Christmas vacation in Georgia, President Coolidge lost no time today in proceeding to the executive offices and tackling the pile of business that had accumulated during his absence.

With Mrs. Coolidge, the chief executive arrived in Washington in the middle of the afternoon, a little less than 24 hours after leaving Sapelo Island, where for a week they had been the guests of Mr. and Mrs. Howard E. Coffin. They were met at Union station by Secretary and Mrs. Kellogg and the president's secretary, Everett Sanders.

Mr. and Mrs. Coolidge were up early on the train today. They breakfasted en route and then went to their private car where the morning was spent in conversation and reading. At lunch they were accompanied into the dining car by Mrs. Coolidge's fluff, reddish brown Chow dog, "Tiny Tim," who throughout the meal was the recipient of many tidbits from the presidential table.

Upon reaching Washington, the president went directly to the white house from the station and a few minutes later was at his desk reading letters and sipping up the amount of work that had piled up while he was away.

While no engagements have been announced for tomorrow it is expected that the chief executive between now and the week-end will confer with a number of congressional leaders over various legislative proposals to be acted upon in the two months remaining of his administration.

INFLUENZA PARLEY
FOR WASHINGTON
ON JANUARY TENTH

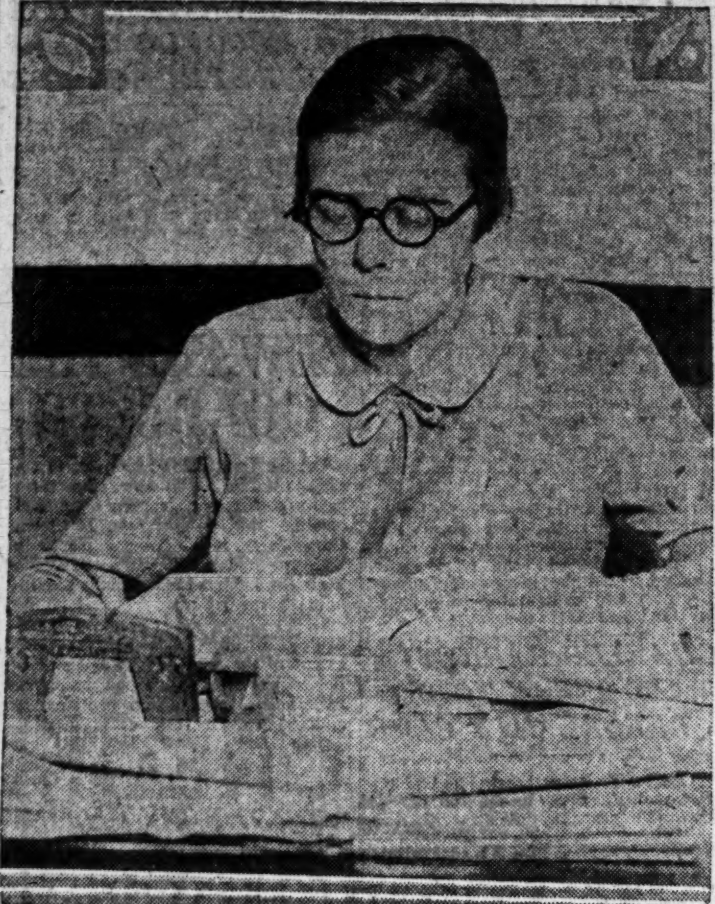

Washington, January 2.—(AP)—Surgeon-General Crampton today set January 10 as the date for convening the public health service's national conference on influenza.

Decision to hold the conference at that time was announced after a conference between the surgeon general and Secretary Mellon of the treasury. Secretary Mellon, whose department has jurisdiction over the health service it was said, "heartily favored" the conference, particularly the opportunities it would provide to outline intensive research in the disease.

Reports from 32 states, public health officials said, indicated today that influenza declined in prevalence during the holidays. They repeated their belief in the probability that the peak of this wave of influenza has been reached, but still saw the possibility that cases not yet reported might be as many as existed during the week ended December 15.

Decatur Boasts Youngest
Woman Attorney in U. S.

MISS IRMA VON NUNES, 19, HAS DISTINCTION

MISS IRMA VON NUNES.

Decatur, Ga., January 2.—(Special).—This city can boast of having the youngest woman lawyer in America and the first and youngest woman who ever pleaded a case in the Georgia supreme court.

The distinction belongs to Miss Irma von Nunes, 19 years old, who resides here with her parents and practices law in her father's offices in Atlanta in the Healey building.

Miss von Nunes has never attended a law school or a college. She graduated from high school, going to the Girls' school in Atlanta for a time and then graduating from a high school in South Carolina.

Immediately after graduation, her father, Tillon von Nunes, took her into his law office and tutored her. When 18 years old she had completed her law studies and had made application for examination before the Georgia bar. This was in June, 1923. She passed the tests and in July, when she reached the age of 19, she was admitted to the bar.

Practically all of the states of Amer-

ica require that persons being admitted to the bar shall have passed their twenty-first birthday. A few of the states, however, have the age limit set at 19. Georgia is one of these states.

The first case that Miss von Nunes handled was a divorce suit and she won it.

In appearing before the Georgia supreme court, she was the first and only woman and the youngest person. The case was a damage suit and it is still pending.

Miss von Nunes finds divorce cases most interesting. She believes that people are too hasty in marrying and that they regret it soon afterward. She was not a bit nervous when she pleaded her first case, she says. Miss von Nunes is not much over five feet tall and to look at her, one would gain the impression she was a "school girl." Her business-like attitude, however, has won her admiration and respect from court attendants and officials. She aids her father in all of his cases.

INFLUENZA EPIDEMIC
DECLARED RECEDINGDecrease in Number of Cases
Reported to Health
Authorities.

The influenza epidemic which has been sweeping Georgia for the last few weeks is receding according to information obtained at the state board of health Wednesday, backed by statements of Dr. J. P. Kennedy, health officer of Atlanta, that the disease is on the wane in this city.

New cases for the week reported the state health department were 6,128 as compared to 6,528 the preceding week. This was taken as a certain indication that the disease is waning, particularly in the more populated centers. In the city of Atlanta 529 influenza reports were compared with 1,833 the previous week.

"We feel that the peak of the epidemic has been reached," said Dr. J. P. Kennedy, city health officer, "and that from now on the number of cases will be fewer. You would be safe in multiplying our figures by five, however, if you want a correct estimate of the cases existing. Hundreds of them are never reported. A majority of those suffering have mild attacks, however."

Records in Dr. Kennedy's office show 4,561 cases reported in the city during the past month. Deaths reported from influenza and pneumonia directly traceable to it were 104.

Dr. Kennedy expressed belief that after a few more years of exposure to the disease people would build up an immunity such as he said now exists regarding scarlet fever and other contagious diseases.

BRITISH RAIL PACT
TO END WASTEFUL
COMPETITION NEAR

London, January 2.—(AP)—The much-heralded working agreement between railways and road transport companies in Britain to eliminate wasteful competition began to take shape today. Announcement was made that the Great Western railway and the National Omnibus and Transport company are promoting a new company with a capital of \$5,000,000 to take over all passenger road services run by the two concerns and agreed to in the west of England.

Another striking merger in the motor services becomes operative in Sheffield where the corporation has joined its bus service to those already run by the railways serving the city and district.

SIBLEY WILL PASS
ON NEW LOG RATE
INJUNCTION PLEA

Judge S. H. Sibley, of the north Georgia United States district court, who left Atlanta Wednesday for New Orleans, will be one of the three federal judges sitting there today to hear one of the most important railroad freight rate cases that has developed in this section in recent years.

It involves injunction proceedings brought by the Florida railroad commission and log shippers of Florida against the interstate commerce commission to prevent enforcement of a new intrastate freight rate on logs.

The new rate was fixed by the commission after protests had been made by Georgia log shippers who enlisted the aid of the Georgia public service commission in an effort to eliminate what they charged was unjust discrimination in favor of the Florida shippers.

Sitting with Judge Sibley in this case will be Judge Richard W. Walker, of Huntsville, Ala., chief judge of the United States circuit court of appeals, and Judge Benjamin F. Dawkins, of the federal district court of Louisiana.

RAIL DEVELOPMENT
FILM TO BE SHOWN
AT LOCAL CHAMBER

Presentation of "The Fair of the Iron Horse," a moving picture outlining the development of railroad transportation over a period of 100 years, will take place at the Atlanta Chamber of Commerce on the night of January 9, it was announced Wednesday by officials of the Traffic Study club, which is sponsoring the occasion.

The picture has been brought to Atlanta through courtesy of the Baltimore and Ohio railroad, upon request of the Traffic Study club. It is said to represent a reproduction in scenic effect of the "Fair of the Iron Horse" staged for the centenary pageant of the Baltimore and Ohio railroad at Baltimore during the fall of 1927, which attracted more than 1,250,000 visitors and world-wide attention.

The idea of the picture was conceived by Daniel Willard, president of the railroad. It illustrates the history of railroad transportation in America since 1827, when the first charter to build a railroad was issued to the Baltimore and Ohio by the legislature of Maryland, covering development up to the present day.

GOODWILL, INC.,
WILL DISTRIBUTE
CLOTHES TO POOR

The Atlanta Goodwill Industries, Inc., will distribute a large assortment of men's overcoats, ladies' topcoats and men's regular coats at 10 o'clock Friday morning from headquarters of the organization, 230 Peters street, it was announced Wednesday by Dr. H. O. Heitzman, president. This distribution will be made, he said, to help unfortunate in need of protection from the year's first cold.

This organization which has as its slogan "Not a Charity but a Chance," is affiliated with the home department of the board of missions of the Methodist Episcopal church, south. It specializes in the reclamation of discarded articles as a means of giving employment to needy people and also helps provide for their religious, educational industrial and social welfare.

COTTON EXPORTS
DURING DECEMBER
SHOW LARGE GAIN

New Orleans, January 2.—(AP)—Cotton exports from the United States to foreign countries, exclusive of Canada, totaled 1,145,922 bales last month compared with 722,342 for the same period in 1922. H. G. Hester, secretary of the New Orleans cotton exchange, announced today.

Great Britain received 331,777 bales, France 134,158, Germany 282,505 and the rest of Europe 179,083. Exports to Japan, China and Mexico were 218,567 bales.

Start out *happily*
in the morning -

Ever think of the future? Ever worry? Ever wonder what will become of the family if something happens to you on the way to work? STOP IT. Worry won't get you anywhere. It won't stop the accident. Just use common sense and protect yourself today.

MAON BANDIT PAIR CAPTURED BY POLICE

Two Men Who Held Jeweler Up Overtaken After Long Chase.

Macon, Ga., January 2.—(AP)—Two youthful bandits, who were driven from a daylight holdup near the heart of the business district this morning and who fled in a stolen automobile, were arrested this afternoon in Monroe county, 30 miles north of here, after a man-hunt in which police and sheriff's deputies of several counties took part.

The actual arrest was made by Sheriff C. B. Calkins, of Forsyth, and his deputy, W. E. Waits. The prisoners were turned over to Chief of Police Ben T. Watkins and detectives from this city a few minutes later and brought here for safe keeping. They are booked as:

Fred Thomas, 20, Trinidad, Colo. Joe Harris, 25, formerly of Augusta, Ga.

Both men were neatly dressed. Their hats were purchased in Chattanooga; and other clothes with Atlanta labels.

Coughs Stopped Almost Instantly

Doctor's Prescription Relieves Without Harmful Drugs

Almost instant relief for coughs is now guaranteed in the use of a famous physician's prescription called Thosine, which contains no chloroform or dope. It works on an entirely different principle, has a double action, relieves the irritation and goes direct to the internal cause of the cough by cough syrup and patent medicines. The very first swallow usually relieves.

Thosine is pleasant and safe for the whole family. Also excellent for sore throat. Quick relief guaranteed or your money back. 35c, 50c and \$1.00. Sold by Jacoby Drug Stores and all other good drug stores.—(adv.)

IT'S A WONDERFUL WAY TO RELIEVE UGLY ECZEMA

In 20 years, soothing, invisible Zemo has seldom failed to relieve even the most stubborn cases of Eczema and itching skin. Also the way this remarkable antiseptic liquid quickly banishes pimples, itching rash and other skin irritations, will delight you. If you want a clear skin, never be without safe Zemo. All drug stores—35c, 50c and \$1.00.—(adv.)

PAIR SURRENDER FOLLOWING ESCAPE FROM STATE PEN

Columbia, S. C., January 2.—(AP)—Two of the six prisoners escaping from the state penitentiary here early today, had returned tonight.

J. B. Griggs, serving a life term for armed robbery, returned late this afternoon after he became so sick he could proceed no further. He hailed a motorist some distance from Columbia and requested that he be taken to Columbia.

J. R. Long, serving a sentence for larceny and for receiving stolen goods, returned tonight, also halting a motorist on the Columbia-Camden highway.

GIRL DISAPPEARS, POLICE HUNT MAN

Continued from First Page.

whenever he mentioned his daughter.

A girl friend of Doris', Goldie Moon, of 631 Killian street, had also mentioned the "man with the cane," who was described by Miss Moon as being about 60 years old. She said she saw him drive past her home recently at the wheel of a brown car. He was alone, Miss Moon had told Doris'.

Doris' letter to her mother read as follows:

"Dear Mother: I am so nervous that I can hardly write. To make it short I have been kidnapped. The old man who carries a cane is the one who has kidnapped me.

"He says he will be good to me and that his wife will look after me and I won't have to stay long.

"I was late for school this morning and he picked me up. He sniffed and gave me his handkerchief and that is the last that I remember until he asked if I wanted to write you.

"Don't worry because he is a kind old man about half crazy, but I don't despise him.

"I know I won't be long. Love to all.

"The letter was mailed only a short time before it was canceled, the postmark being 7 p. m. Wednesday. It is believed the postoffice letter was probably mailed at the main postoffice, but there was no way to definitely establish it, it was said.

Girl is Athletic.

Doris was described Wednesday night as an athletic type, one fond of swimming, golf, tennis, basketball, hiking and other forms of outdoor sports. She went to the finals in the Hoke Smith golf tournament last year, a schoolmate said. She also played on her class basketball team and is one of the leading devotees to every form of school sports.

The missing girl was said to be a member of the Hoke Smith club, and she has served as class officer during the entire three years she has attended the school.

Osceola Turner Doris' father, has been in business in Atlanta many years. During the last 15 years he has conducted his own dairy business. He has been in his present business location for the last 10 years.

The family has lived at 812 Boulevard for about a year and a half, moving from 255 Cameron street. They still own the Cameron street place as well as the present residence.

Doris' home life was especially pleasant, members of the family and friends said Wednesday night. She was studious and one of the most popular girls in school. Her only hobby, it was said, might well be termed a love for sports and outdoor life.

Other marks on the clothing had been removed.

The victim of the holdup was Louis Avrunin, jeweler, who had recently opened a small establishment on Cotton avenue, near Cherry street, and in sight of the city hall and police barracks.

A duntily dressed young man entered the establishment this morning and drew a pistol, commanding the proprietor to go back to the safe and open it. Avrunin did not obey, however. He began to yell, broke a show-case in trying to attract attention of passersby, and the bandit struck him over the head several times with a pistol. Avrunin created so much fuss that the bandit left the store, apparently without taking anything, jumped into the automobile, driven by his pal, and fled.

Witnesses to the escape took the number of the car. Police say that there were bloodstains on the pistol and on the wearing apparel of one of the others in the "trap" apparently.

Police say that they found burglar's equipment and keys for automobiles on the prisoners. Both were armed. The police say that they answered descriptions of two dapper bandits who have been operating in Atlanta. But the police say that there are others in the "trap" apparently.

While no charge had been placed against the men tonight Chief Watkins said that they would be charged with larceny of an automobile, highway robbery and assault with intent to murder, at least.

Avrunin, the victim, was taken to a hospital for treatment. He will recover.

FOUR MEN ARRESTED FOR BOY'S KIDNAPING

Prosecutor Fears Four-Year-Old Ohio Boy Has Been Slain.

Orville, Ohio, January 2.—(AP)—Four men were under arrest here today in connection with the disappearance last Thursday of Melvin Horst, four-year-old son of Mr. and Mrs. Raymond Horst.

Mougey said he was not sure if at least three of the men would be charged with child-stealing. The fourth man was arrested at Akron and brought here today. The other three were arrested early this morning after authorities questioned them several hours and obtained conflicting accounts of their whereabouts the night Melvin disappeared.

Authorities did not reveal what evidence they had against the quartet. Deputy Sheriff Lee Pontius and a species of police, however, are not in an unexplained long automobile trip today, which was expected to produce further evidence.

Accoguy said he feared the Horst boy had been slain, "although I am holding out hope that he may be found alive." He said, however, that he was certain that the disappearance of Melvin had been solved.

FIREMAN, RIDING MOTORCYCLE, HURT IN CRASH WITH AUTO

Oscar D. Cook, a city fireman, of 286 East Side avenue, suffered a fractured left leg Wednesday night when the motorcycle he was riding crashed into an automobile operated by Reuben A. Garland, an attorney, of 298 Collier road, at the intersection of Grant street and Millidge avenue, according to reports made to police by Mr. Garland.

Garland stated that he was crossing Grant street on Millidge avenue when he saw Cook's machine bearing down on him. He stopped the car but the motorcycle crashed into a rear wheel of the automobile and Cook was thrown to the pavement.

PAIR SURRENDER FOLLOWING ESCAPE FROM STATE PEN

Columbia, S. C., January 2.—(AP)—Two of the six prisoners escaping from the state penitentiary here early today, had returned tonight.

J. B. Griggs, serving a life term for armed robbery, returned late this afternoon after he became so sick he could proceed no further. He hailed a motorist some distance from Columbia and requested that he be taken to Columbia.

J. R. Long, serving a sentence for larceny and for receiving stolen goods, returned tonight, also halting a motorist on the Columbia-Camden highway.

GIRL DISAPPEARS, POLICE HUNT MAN

Continued from First Page.

whenever he mentioned his daughter.

A girl friend of Doris', Goldie Moon, of 631 Killian street, had also mentioned the "man with the cane," who was described by Miss Moon as being about 60 years old. She said she saw him drive past her home recently at the wheel of a brown car. He was alone, Miss Moon had told Doris'.

Doris' letter to her mother read as follows:

"Dear Mother: I am so nervous that I can hardly write. To make it short I have been kidnapped. The old man who carries a cane is the one who has kidnapped me.

"He says he will be good to me and that his wife will look after me and I won't have to stay long.

"I was late for school this morning and he picked me up. He sniffed and gave me his handkerchief and that is the last that I remember until he asked if I wanted to write you.

"Don't worry because he is a kind old man about half crazy, but I don't despise him.

"I know I won't be long. Love to all.

"The letter was mailed only a short time before it was canceled, the postmark being 7 p. m. Wednesday. It is believed the postoffice letter was probably mailed at the main postoffice, but there was no way to definitely establish it, it was said.

Girl is Athletic.

Doris was described Wednesday night as an athletic type, one fond of swimming, golf, tennis, basketball, hiking and other forms of outdoor sports. She went to the finals in the Hoke Smith golf tournament last year, a schoolmate said. She also played on her class basketball team and is one of the leading devotees to every form of school sports.

The missing girl was said to be a member of the Hoke Smith club, and she has served as class officer during the entire three years she has attended the school.

Osceola Turner Doris' father, has been in business in Atlanta many years. During the last 15 years he has conducted his own dairy business. He has been in his present business location for the last 10 years.

The family has lived at 812 Boulevard for about a year and a half, moving from 255 Cameron street. They still own the Cameron street place as well as the present residence.

Doris' home life was especially pleasant, members of the family and friends said Wednesday night. She was studious and one of the most popular girls in school. Her only hobby, it was said, might well be termed a love for sports and outdoor life.

Other marks on the clothing had been removed.

The victim of the holdup was Louis Avrunin, jeweler, who had recently opened a small establishment on Cotton avenue, near Cherry street, and in sight of the city hall and police barracks.

A duntily dressed young man entered the establishment this morning and drew a pistol, commanding the proprietor to go back to the safe and open it. Avrunin did not obey, however. He began to yell, broke a show-case in trying to attract attention of passersby, and the bandit struck him over the head several times with a pistol. Avrunin created so much fuss that the bandit left the store, apparently without taking anything, jumped into the automobile, driven by his pal, and fled.

Witnesses to the escape took the number of the car. Police say that there were bloodstains on the pistol and on the wearing apparel of one of the others in the "trap" apparently.

Police say that they found burglar's equipment and keys for automobiles on the prisoners. Both were armed. The police say that they answered descriptions of two dapper bandits who have been operating in Atlanta. But the police say that there are others in the "trap" apparently.

While no charge had been placed against the men tonight Chief Watkins said that they would be charged with larceny of an automobile, highway robbery and assault with intent to murder, at least.

Avrunin, the victim, was taken to a hospital for treatment. He will recover.

FOUR MEN ARRESTED FOR BOY'S KIDNAPING

Prosecutor Fears Four-Year-Old Ohio Boy Has Been Slain.

Orville, Ohio, January 2.—(AP)—Four men were under arrest here today in connection with the disappearance last Thursday of Melvin Horst, four-year-old son of Mr. and Mrs. Raymond Horst.

Mougey said he was not sure if at least three of the men would be charged with child-stealing. The fourth man was arrested at Akron and brought here today. The other three were arrested early this morning after authorities questioned them several hours and obtained conflicting accounts of their whereabouts the night Melvin disappeared.

Authorities did not reveal what evidence they had against the quartet. Deputy Sheriff Lee Pontius and a species of police, however, are not in an unexplained long automobile trip today, which was expected to produce further evidence.

Accoguy said he feared the Horst boy had been slain, "although I am holding out hope that he may be found alive." He said, however, that he was certain that the disappearance of Melvin had been solved.

FIREMAN, RIDING MOTORCYCLE, HURT IN CRASH WITH AUTO

Oscar D. Cook, a city fireman, of 286 East Side avenue, suffered a fractured left leg Wednesday night when the motorcycle he was riding crashed into an automobile operated by Reuben A. Garland, an attorney, of 298 Collier road, at the intersection of Grant street and Millidge avenue, according to reports made to police by Mr. Garland.

Garland stated that he was crossing Grant street on Millidge avenue when he saw Cook's machine bearing down on him. He stopped the car but the motorcycle crashed into a rear wheel of the automobile and Cook was thrown to the pavement.

Avrunin, the victim, was taken to a hospital for treatment. He will recover.

Goolsby Cannot Remember Macon Family as Own

After two weeks of trying to convince himself that he is Tom Scott Goolsby and not J. C. Morrison, the son of Dr. and Mrs. R. C. Goolsby, still suffering from amnesia, went back to Texas today, with the past as much a mystery to him as when he came to Georgia to spend the holidays.

A parting request of his father and mother, however, that he stick to the name of Goolsby will be observed, he said, because his parents had just about convinced him that he was Tom Scott Goolsby.

However, the former Forsyth pharmacist, later, the stick to the name of Goolsby will be observed, he said, because his parents had just about convinced him that he was Tom Scott Goolsby.

The family had hoped that a trip from Texas to Georgia and two weeks at his old home would clear up his memory, but in this they were disappointed.

Tom Scott Goolsby's mind was declared to be normal and perfectly sane, however, after he was examined during the last year and a half and concerning business affairs of the day.

GRADY HOSPITAL TREATED 47,928 CASES DURING 1928

A year of rushing business was experienced by Grady hospital during 1928, which saw a total of 47,928 persons received treatment at the institution, according to records made public Wednesday by H. Louis Wilson, Tuesday afternoon.

The medical clinics admitted 13,990 patients and the emergency clinics took in 12,992 persons, while the rest were not admitted to the hospital but received treatment.

During the year, 344 persons died while in the hospital but overbalanced this was a total of 107 births. Of these, 459 were girls and 408 were boys. Among the 1,000 maternity cases handled only 20 maternity or infant deaths were recorded.

ROCKEFELLER, JR., TO MAKE VOYAGE UP NILE RIVER

New York, January 2.—Mr. and Mrs. John D. Rockefeller, Jr., and their son, David, are to make a voyage up the Nile. The trip is described as "for pleasure." Mr. Rockefeller offered \$10,000,000 in 1926 for a museum of Egyptology in Cairo. The offer was withdrawn in an impassioned stipulations of the Egyptian government.

COLOMBIA FILES RATIFICATION OF POSTAL SESSIONS

Geneva, January 2.—(AP)—Colombia registered today with the League of Nations instrument of ratification of the postal convention of 1924, and the Pan-American postal conference in Mexico on November 9, 1926.

Unnoticed at Death, Aged Negro Leaves Riches to University

Nashville, Tenn., January 2.—(United News.)—An estate which includes 83 buildings in Nashville and considerable wealth in stocks and bonds was bequeathed to Fisk university by an aged negro who died unnoticed here recently.

He was James Dallas Burrus, 82, first vice president of the chamber of arts degree in the United States.

ROME KIWANIS CLUB ELECTS NEW OFFICERS

Rome, Ga., January 2.—(Special.)—Rome Kiwanis club has elected the following officers: Dr. Richard Hall, president; H. F. Hogg, vice president; G. C. Byars, treasurer; W. F. Barrow, secretary. Directors include E. L. Wright, H. L. Lanham, T. S. Sloan, John Nelson, L. H. Covington and R. M. Gibson.

ADAMSON CONDITION REMAINS UNCHANGED

New York, January 2.—(AP)—The condition of former Congressman W. Adamson of Georgia, who is in hospital here at the Presbyterian hospital here, was reported today at the hospital to be unchanged.

RULING IS MADE ON SOFT DRINK TAX

Washington, January 2.—(AP)—Manufacturers of soft drinks, in paying the federal sales tax imposed by the revenue act of 1917, were prohibited from deducting the tax from the sales price in computing the gross receipts upon which the tax applied, the supreme court held today in a case from San Francisco brought by the Lash's Products company.

"Therefore, be it ordered, that the ruling of the supreme court in the case of Lash's Products company, supra, be affirmed."

CAPT. ROSENDO TORRAS DIES AT BRUNSWICK

Brunswick, Ga., January 2.—(AP)—Captain Rosendo Torras, 78 years old, consul here for Spain and Cuba, and formerly a leading lumber exporter of this section, died here today after a brief illness. He was a native of Spain and came here in 1875, having lived in Brunswick continuously since then.

Captain Torras at one time was consul or vice consul for nine different nations, and up until a short time before his death held the post of British vice consul here.

He was knighted by King Oscar of Sweden and decorated with the Polish cross of the Order of Warsaw for distinguished consular service. He was born in the Province of Catalonia, Spain, on February 2, 1851. Seven children and eleven grandchildren survive him.

Funeral services will be held here Thursday night at 8 o'clock at the funeral home of the Dalmau-Kiwani club. Other officers are H. W. Torras, secretary of the Atlanta city planning commission. The son left Atlanta Tuesday night and was at the bedside of his father at the time the latter died. Mr. Torras is one of the most popular officials of the local government, and just recently has completed assisting in drafting the new zoning laws of Atlanta.

Dallas Kiwanians.

Dallas, Ga., January 2.—(Special.)—Hubert Croker succeeds Dr. Joe L. Matthews as a family physician at the White Wonder Chemical Company, 53 Greenville, Montgomery, Ala. Dr. Croker, a native of Dallas, Tex., and R. L. Lee, secretary. Dr. Matthews was elected district trustee.

FACTIONS ADMIT SPLIT IN SALVATION ARMY

Status of General Bramwell Booth Conceded To Be Endangered.

London, January 2.—(AP)—For the first time both parties within the Salvation Army openly admitted today that the high council which will meet shortly is split in two opposing camps. Officials at the international headquarters and at the headquarters of Evangeline Booth, the American commander, freely made pronouncements on the probable lineup of next week's voting when the questions of removal of General Bramwell Booth as commander-in-chief and reorganization of the army will come up.

An official of the Evangeline Booth group state that after a careful canvass the group was satisfied that more than the necessary three-quarters majority of the council will vote for the removal of the general and for reorganization of the army.

At international headquarters on the other hand, those who are supporting General Booth refused to concede a probable victory to the other camp, saying that they were sure of at least seven votes and that they believed the council would vote confidence in the general to continue his leadership.

They said, however, that a change in the method of choosing a successor and other administrative reforms might be effected and that even certain of those who would support the general would favor this.

A high official at international headquarters said today that should the election method be adopted for the choice of the army's leader, he thought the rank and file throughout the army might demand a similar method of choosing the minor officials.

USE OF NARCOTICS CAUSE OF CRIMES, SAYS N. Y. MAYOR

New York, January 2.—(AP)—Mayor James J. Walker, in a copyrighted article in the New York American today gives the cause of narcotics as one of the chief causes of crime in the metropolis.

He also asserts that New York is relatively the least crime-ridden city in the country when its millions of inhabitants is compared with the size of other communities.

While wrong doing in other communities is minimized by their local newspapers and not published in metropolitan papers, the mayor says, similar occurrences in New York are given nation-wide publicity, giving the city a reputation of being wicked.

Young men, who under proper conditions would be useful, law-abiding citizens, Mr. Walker writes, are turned into gunmen and gangsters by a handful of gang leaders who feed them drugs to undermine their moral fiber and to gain an ascendancy over them.

The mayor said the world was lower than the respect for human life, also had contributed to present-day lawlessness.

CHARLES BARRETT WILL SPEAK TODAY BEFORE CITY CLUB

Charles S. Barrett, president of the National Farmers' union and one of Georgia's most prominent agriculturists, will address the City club at its regular luncheon meeting to be held at 12:30 o'clock today at the Ansley hotel.

Mr. Barrett will speak upon general farm problems in their relation to the city and its business.

EXTENSION OF TIME TO RECOVER TAXES NOT RETROACTIVE

Washington, January 2.—(AP)—When congress, in 1924, extended from five to six years the time in which the government could bring suits to recover taxes, it did not make it lawful to bring such suits back assessed before the act became effective.

The supreme court disposed of this question today in a decision which involves large amounts of money. The question reached the court in a case appealed by Benjamin Russell and other stockholders of the Pine Lumber company in northern Alabama and others joined them in their contention. They were sued by the government for taxes for the year 1918.

56 REPORTED DEAD, VILLAGES KILLED IN JAPAN STORMS

Tokyo, Japan, January 3.—(Thurs. day.)—(AP)—Several hundred houses were reported destroyed, 56 persons killed and scores injured by typhoons on the Honshu coast southwest of Niigata. Information reaching the railway department here today was that at least 20 villages were inundated by the high seas yesterday.

BEWARE THE COUGH FROM COLDS THAT HANG ON

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for bringing up the phlegm in colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

CREOMULSION FOR THE COUGH FROM COLDS THAT HANG ON

COTTON MATHER of MATHER BROS.

All Kitchen Machinery, Utensils and Supplies and Hotel Ranges Cheap.

Catarrh Favors Flu, Colds, Coughs and Croup

Find a man, woman or child who is afflicted with chronic catarrh of the nose and its connecting air passages and you will always find a patient who is most susceptible to more serious diseases. Why? Science explains that catarrh interferes with natural breathing, thus preventing proper oxygenation and purification of the blood by the lungs, and also absolutely prevents restful, refreshing sleep. Catarrh is a constant drain upon the nutrition of the body, making the patient weak and thereby susceptible to all germ infections such as colds, flu, pneumonia, etc.

Your physician will tell you that catarrh is a local condition, not a systemic disease. You must fight it from within with a local remedy that reaches the spot. Of the many remedies that have been tested for the relief of catarrh, none has given such uniformly successful results to the physician or attained such popular favor as the prescription of Dr. Runyon, known to our druggist as Runyon's White Wonder Salve. Applied to the nostrils morning and night, "White Wonder" gives the most delightful relief. Clean, greaseless and absolutely stainless, White Wonder is a perfect example of the finest pharmaceutical art—its way and comfort to everyone who suffers with nasal catarrh.

Ask your druggist for WHITE WUNDER today or mail thirty-five cents for a family jar, postpaid. White Wonder Chemical Company, 53 Greenville, Montgomery, Ala. Our slogan—"Perfect satisfaction or your money back."—(adv.)

HOWELL, HYMAN & BUILDING.

Attorneys for Petitioners.

Filed in office, this 12th day of December, 1928.

Clock Recorder Court, Fulton County, Ga.

STATE OF GEORGIA, in and for the County of FULTON.

T. C. MILLER, Clerk of the Superior Court of Fulton County, do hereby certify that the foregoing is a true and correct copy of the petition filed in the matter of J. SAIL & COMPANY, INCORPORATED, as the same appears of file in this office.

WITNESS my official signature and the seal of said Court, this 12th day of December, 1928.

T. C. MILLER, Clerk of the Superior Court of Fulton County, Ga.

Mrs. A. David Quarles, of St. Louis, Mo., is spending the holidays with her sister, Mrs. C. F. Gore, at her home on East Avenue.

Social Brilliance Attends Candler-Chambers Wedding

Social brilliance attends the marriage of Miss Laura Candler, second daughter of Mr. and Mrs. Asa G. Candler, Jr., to Edgar Chambers, Jr., which will be solemnized at 8 o'clock this evening at the handsome Candler home, "Briarcliff Manor," in Druid Hills. The wedding, which will be an outstanding event of the January calendar, will assemble fashionable society en masse and will center the interest of hundreds of friends of the lovely young bride-elect and her fiancé throughout the south.

Among the guests who will come to the city from a distance to attend the wedding are Mr. and Mrs. Charles D. Peavy, Charles D. Peavy III, Mrs. Clara M. Harwell, Miss Clara Harwell, John R. Harwell, Mrs. Henry E. Lowe, Henry E. Lowe, Jr., and Mrs. Payton Jones, all of Macon; Miss Ruth Porter, of New Rochelle, N. Y.; A. J. Cornwell, of Washington, D. C.; Mr. and Mrs. C. T. Goldsmith, Mrs. Arthur Rosenberg, Mrs. L. Connes, all of New York.

Mrs. M. H. Elder's bridge-ten at her home on Brighton road is among the other interesting events of the day, the lovely affair assembling a group of the unmarried and the younger married contingent of society. Miss Mary Ann Carr, a popular student at the National Cathedral school in Washington, D. C., will be central figure at the luncheon at which Miss Colette Howell will entertain at the home of her parents, Mr. and Mrs. Albert Howell, on West Pace's Ferry road. The Old Guard will hold its annual get-together at 6:30 o'clock this evening at the Atlanta Athletic club, the affair assembling only the members of this pioneer patriotic organization.

Mrs. Lewis Honors School Girl Group

Mrs. Carl Lewis entertained at a bridge party Wednesday afternoon at her home, "Shadow Brook," in Clifton road, complimenting a group of attractive school girls: Misses Suzella Burnett, Eugenia Candler, Mary Candler, Helen Candler and Martha Candler. The guests included besides the hostess, Misses Hannah Serne, Louise Candler, Martha Mather, Eleanor Memminger, Mary Harvey, Ann Lane Newell, Nancy Frederick, Mrs. Fred Rogers and Mrs. Calvin Prescott.

Miss Della Freeborn Is Honor Guest

Honoring Miss Della Freeborn, of Cleveland, Ohio, the guest of her sister, Mrs. H. C. Hastings, in Decatur,

Mrs. P. H. Jeter entertained at a small luncheon Wednesday at Druid Hills Golf club. Covers were placed for Miss Freeborn, Mesdames Hastings, Allen Bunce, Louis Estes, Paul Seydell, Clifford Walker and William Brownlee. In the afternoon, Miss Freeborn was honor guest at the matinee party given by Elbridge Freeborn at the Erlanger theater.

Miss Kelley Weds Spencer W. Sparks

The marriage of Miss Lillie Mae Kelley and Spencer W. Sparks was solemnized Sunday afternoon, December 30, in the St. Elmo M. E. church, south, by Dr. W. S. Neighbors. The bride and groom left immediately after the ceremony for Greensboro, N. C., where, after January 2, they will be at home at 2513 Sylvan road.

Candler-Chambers Wedding Party Is Entertained

Honoring the wedding party of Miss Laura Candler and Edgar Chambers, Jr., whose marriage will be an event of Thursday, January 3, Mr. and Mrs. Asa Griggs Candler, Jr., entertained at a buffet supper at their home on Briarcliff road, following the wedding rehearsal Wednesday evening. The guests included the wedding party and a group of out-of-town guests.

The lovely home of Mr. and Mrs. Candler was elaborately decorated in roses and poinsettias. Miss Candler wore a becoming straight-line model of gold crepe. Miss Chambers was gowned in a straight model of gold sequins and beads.

The out-of-town guests included: Miss Ruth Porter, of New Rochelle, N. Y.; Mrs. A. J. Cornwell, of Washington, D. C.; Miss Clara Harwell, of Macon; Mr. and Mrs. Charles Peavy, of Macon; Mr. and Mrs. Payton Jones, of Macon; Mr. and Mrs. C. T. Goldsmith, Mrs. Arthur Rosenberg and Mrs. L. Connes, all of New York city.

Trinity Society To Be Entertained

Mrs. Fred Cole will entertain the executive board of the Trinity Missionary society at her home, 55 West Fifteenth street, N. E., Friday, January 4, at 2 o'clock. The first meeting of the year is of wide interest as the membership is regrouped and new circles formed under new leaders.

Parliamentary Law Class Meets Friday

The Parliamentary Law Study class will meet Friday morning, January 4, at 10:30 o'clock at the North Avenue Presbyterian church house. All women interested in parliamentary law are cordially invited to join.

Watts - Miller Engagement Is Announced

Cordial interest centers in the announcement by Dr. and Mrs. Stephen H. Watts, of Charlottesville, Va., of the engagement of their daughter, Sarah Peel, to Llewellyn Miller, son of Mr. and Mrs. Laurence Mortimer Miller, of Baltimore, Md., the date of the marriage to be announced later.

Miss Watts, who is a popular belle of Charlottesville, is widely known here through frequent visits, her mother having been, before her marriage, Miss Sarah Peel, daughter of the late Colonel and Mrs. William Lawson Peel, and a sister of Mrs. William Kiser, and Mrs. Phinix Calhoun, Dr. and Mrs. Watts and Miss Watts were the guests of Mrs. Calhoun preceding the Christmas holidays.

Mrs. George Rosser Gives Bridge-Tea

Mrs. George P. Rosser entertained at a bridge-ten Wednesday afternoon honoring Miss Teresa Wade Atkinson, who is home for the holidays from Sweet Briar college. Miss Annette Gay Weds Mr. Brown in Birmingham, Ala.

Birmingham, Ala., January 2.—Announcement is made of the marriage of Miss Annette Gay, of Atlanta, and Henry Andrew Brown, also of Atlanta, which was quietly solemnized Monday afternoon, December 31, at 5 o'clock at the Church of Advent with the Rev. Charles Clingman, rector of the church, officiating. The bride was given in marriage by her mother, Mrs. Pearl Mosley Gay, of Atlanta, and the bride's sister, Mrs. Alfred Morgan Boone, of Birmingham, acted as matron of honor. Elbert A. Gay, of Atlanta, acted as best man to the groom.

The lovely young bride wore a striking two-piece Carolyn model of modernistic blue flat crepe. Her hat was of black bangkok straw trimmed with a pearl ornament. A shoulder bouquet of pink roses and valley lilies completed the modish costume.

Mrs. Boone's gown was a Patou model of chartruse green satin worn with a close-fitting hat of black straw. She wore a shoulder bouquet of pink roses and valley lilies. Mrs. Gay wore a handsome navy blue crepe gown embellished in black silk threads and

her hat was a black and blue silk and straw combination.

Among the out-of-town guests who attended the ceremony were Mr. and Mrs. Walter Wright Lee, of New York; Mr. and Mrs. Harris Dodd, of Atlanta, and Miss Mary Bogle, of Atlanta.

Both the bride and groom are representatives of distinguished southern families whose forbears have been prominently identified with the cultural, civic and social development of the south. The bride is the daughter of Mrs. Pearl Mosley Gay and Sanford W. Gay, of Atlanta, and the sister of Mrs. Walter Wright Lee, of New York; Mrs. Alfred Morgan Boone, of Birmingham; Elbert A. Gay and Laurence DuPre Gay, of Atlanta, and the late Sanford W. Gay. The bride has enjoyed wide popularity in Atlanta and Birmingham's social circles, where she has frequently been the fete guest of her sister, Mrs. Boone.

Mr. Brown is the son of Mr. and Mrs. Charles Edward Brown, of Atlanta, and a brother of Mrs. Harris Dodd, of Atlanta, and the late Lawrence Golden Brown.

SOCIAL ITEMS

Mr. and Mrs. S. Dan Smith, Jr., announce the birth of a son at Piedmont hospital December 30, who has been given the name, Woodson Ashford, for his maternal great-grandfather, Alexander Woodson Ashford, of Watkinsville, Ga.

Miss Marie C. Shaw will return to Randolph-Macon Woman's college, Lynchburg, Va., January 3, after spending the holidays with her parents, Mr. and Mrs. J. S. Shaw, at their home on 1486 Fairview road.

Mr. and Mrs. E. G. Thomas, Jr., announce the birth of a son December 25, who has been given the name Earl Gordon Thomas III. Mrs. Thomas was formerly Miss Marian Clark, of Atlanta.

P. Ford Clark will return in the latter part of the week after several days visiting friends in Augusta and Fairfax, S. C., where he enjoyed shooting in his hunting preserve.

T. V. Morrison, grand regent of the Alpha Lambda Tau fraternity, motored to Birmingham Tuesday, where he conferred with other officers of the fraternity for the purpose of perfecting plans for the national convention of Alpha Lambda Tau which will be held in Birmingham during the first week in April. On his return trip Mr. Morrison will be joined by Miss Virginia Cameron, Miss Helen Sisson and Charles Sisson, all of Winona, Miss.

Captain and Mrs. Russell Ide and little daughter, Georgia Ide, returned from Columbus, where they spent the holidays with Mr. and Mrs. Newton Jacobs. They are stationed at Georgia Tech and were entertained extensively during their visit.

Mrs. J. D. Jennings has returned to Atlanta after a visit to Mr. and Mrs. Mac Jennings at their home in Waycross.

Master Wilton Carson, little son of Mr. and Mrs. W. R. Carson, of Snellville, is convalescing from a serious illness at Davis-Fischer sanitarium.

Mrs. M. A. Cooper is recuperating from influenza at her home on Peebles street.

Mr. and Mrs. H. C. McCoy are visiting Mr. and Mrs. Joseph Scott Baynard at their home in Augusta.

THE BRENAU ACADEMY

Gainesville, Ga.

An ideal preparatory school for girls, located at the foothills of the Blue Ridge mountains; affiliated with Brenau College, one of the South's most widely-known institutions; four-year course of study with opportunities for study in Music, Oratory, Art, etc.; small classes, making possible individual attention to pupils' needs; splendidly prepared faculty; outdoor and indoor sports; horseback riding, etc. Many of the advantages offered by the college are made available for students in The Academy. Next session begins January 10.

For information or interview, call or write Mr. John T. Miller, at the Henry Grady Hotel.

"LAST NIGHT WE HAD OUR NEW YEAR'S ENTERTAINMENT, WE'VE BEEN PRACTICING ON IT FOR A MONTH, WHEN WE GOT TO THE HALL IT WAS PACKED. THE SHOW WAS GOOD, MOST EVERYBODY WHO IS SOMEBODY MADE A SPEECH."

"WHEN OLD JUDGE GRANBERY MADE HIS SPEECH, I THOUGHT HE WAS GOING TO SAY SOMETHING ABOUT THOSE CEDAR TREES AND DEER HORNS WHICH WE SWEEPED, BUT HE DIDN'T. THEN OUR TURN CAME. WE HAD TO SING ABOUT A HAPPY NEW YEAR, AND WE WERE IN THE MIDDLE OF THE SONG, WHEN WE SAW THAT SKINNY GUY, IN THE AUDIENCE, DOGGONE, IF WE DIDN'T CLEAN FORGET OUR SONG, WE ALL TOOK OUT AFTER THAT SKINNY GUY. HE RAN OUTSIDE BUT WE FOLLOWED, RIGHT AFTER HIM."

"HE IS TOO SLICK FOR US. NEVER MIND, WE'LL CATCH HIM TOMORROW. I NEVER KNEW SKINNY FELLS SO FAST."

DAILY CALENDAR OF SOCIAL EVENTS

The marriage of Miss Laura Candler to Edgar Chambers, Jr., will be a brilliant event taking place at "Briarcliffe," the home of the bride's parents, Mr. and Mrs. Asa Griggs Candler, Jr., on Briarcliffe road, at 8 o'clock.

Mrs. M. H. Elder entertains at a bridge-tee at 3 o'clock at her home on Brighton road.

Miss Colette Howell will be hostess at a luncheon at the home of her parents, Mr. and Mrs. Albert Howell, at their home on West Paces Ferry road in honor of Miss Mary Ann Carr, who is home from the National Cathedral, Washington, D. C., for the holiday vacation.

The annual get-together by the members of the Old Guard will be observed this evening at the Atlanta Athletic clubhouse on Carnegie way at 6:30 o'clock.

A special dance will be held at the West End Woman's club from 9 to 12 o'clock this evening.

Mrs. Royal Champion entertains at a bridge-tee at her home, honoring Miss Della Freeborn, of Cleveland, Ohio.

West Chelmsford, Mass., are spending a few days at the Biltmore.

Sydney Edmonds, of Portland, Ore., who spent the Christmas holidays with his aunt, Mrs. Stewart McGinty, on Juniper street, left Tuesday for Cambridge, Mass., where he is taking a post graduate course at Harvard.

Mr. and Mrs. A. D. Hatch, Mr. and Mrs. A. W. Almond, and Miss Cora Hatch were among the Atlantans attending the marriage of Miss Anne Davenport Wing and James Milo Hatch, of Augusta, which took place yesterday in Charleston, W. Va., in Zion Episcopal church.

W. R. King, Jr., and Wallace Mahoney have returned to the city after a short visit with Mr. King's sister, Mrs. J. M. Cook, Jr., in Wrightsville.

Mr. and Mrs. H. E. Fletcher, of

BURGESS CHILDREN'S STORIES

PETER HAS A FULL MEAL

BY THORNTON W. BURGESS.

The change of outlook is complete. When hunger finds enough to eat, Peter Rabbit.

"Peter Rabbit had had one of the most narrow escapes of all his life. Hooty the Owl or Reddy Fox certainly would have caught him had he not remembered having seen Black Pussy the cat push open a little swinging door made especially for her in Farmer Brown's barn. Peter had pushed open that little door and entered the barn just as Hooty the Owl was reaching for him. The little door had swung to right in Hooty's face. Now that was inside, Peter was both thankful and scared. You know, it often is scary to be in a strange place. Funny little shivers ran all over Peter as he sat in that big, dark place. When one of Farmer Brown's horses stamped, Peter jumped almost out of his skin. At least, that is the way he felt. But with all his fear, he was better than being outside, where he was waiting and watching. He didn't know that Reddy Fox was also there.

Peter crouched close by that little door through which he had entered. He crouched there for a long time, trembling with fright. But nothing happened. And presently Peter's nose—his wobbly, inquisitive little nose—began to pick up pleasant odors. To begin with, there was the smell of sweet clover hay. It fairly filled the barn. Then Peter caught a whiff of cabbage. It seemed to him that his stomach just turned right over with longing for a bite of cabbage. He stood it as long as he could and then he ventured to move about a little. As nothing happened, he grew bolder and bolder. It was so long since he had had anything but bark and twigs to eat that the pleasant odors in that barn filled him with an irresistible longing for a good meal.

Now it happens that Farmer Brown had a pile of cabbages there in the barn which had not yet been stored away for the winter. It didn't take Peter long to find them. There were loose leaves lying around on the floor. Peter sat right down beside the first one he found and began to eat. He ate and ate until that leaf had wholly disappeared. He sighed with pure enjoyment. The first was second and a third leaf. By that time the edge was off his hunger, as the saying is. He

remembered that Reddy Fox had said something about carrots and turnips. "I'll look around a bit," thought Peter. So, with his wobbly little nose wiggling, as only it can, Peter began to hop here and there. Presently he found the carrots. Once more he sat himself down to eat. He ate one small carrot and then for the life of him he couldn't eat another mouthful. His stomach was full. Then Peter began to feel sleepy.

"I believe I'll take a nap," said he. "My, but I certainly do feel fine! I

"I'll look around a bit," thought Peter.

wonder why I've never been in here before. Reddy Fox told me the truth. I wonder what Fuzzy (meaning little Mrs. Peter) would say if she were here? She didn't believe Reddy. She thought it was just one of Reddy's tricks to get me up here. Ho, hum, I must have a nap."

So Peter began to look about for a place to take a nap. He burrowed under the hay. He even nibbled a little as he burrowed, for it was sweet clover hay, and despite his full stomach he just had to sample it. He only burrowed a little way under. It was so comfortable since the coming of winter. Right then he hadn't a care in the world. His whole outlook had changed just because he had a full stomach. In two minutes he was asleep.

(Copyright, 1920, for The Constitution.)

The next story: "Farmer Brown's Boy Has a Surprise."

Beauty Fashions

A DISTINCTIVE STYLE.

6376. Here is the dress that will please the girl who wants something different. The fronts close at scalloped edges, above a plait skirt. Inverted tucks afford becoming fullness at the shoulders which are lengthened to form short sleeve portions. To these long sleeve sections may be added which are gathered to a narrow wrist cuff. This is an excellent model for printed tweed, voile, georgette or linen, also for these materials unlined. As pictured, printed crepe in blue and beige on a background of darker blue was used. The waist may be closed from right to left, or from left to right.

The pattern is cut in four sizes: 8, 10, 12 and 14 years. To make the dress for a 14-year size as pictured in the large size will require 4 3/8 yards of 36-inch material. If made with long sleeves 4 3/4 yards will be required. To face the belt with contrasting material requires 1 1/4 yard of 36-inch wide. To finish the dress as illustrated will require 2 3/4 yards of bias building.

Pattern mailed to any address on receipt of 10 cents in silver or stamps.

A PRACTICAL UNDERGARMENT. 6374. In this pleasing model a braisier and slip-in are combined. The closing is at the left side under the arm. The step-in portions are circular, and are joined to the bodice portion of the braisier. Comfort and freedom are expressed in this style. It is suitable for development in radium silk, crepe, crepe de chine, washable satin, rayon or batiste.

A UNIQUE MODEL.

6363. Oblong sections cross the front of this model in diagonal lines from right to left, above plait fullness in the skirt portion. The neck is shaped in a wide V. The sleeve is a fitted one-piece style. A simple straight belt completes this up-to-date design. As pictured, silk crepe was employed in the making. One could have jersey, wool crepe, or crepe satin using the satin side alternately on the front.

The pattern for this model is cut in six sizes: 34, 36, 38, 40, 42 and 44 inches bust measure. To make the dress for a 38-inch size will require 2 3/4 yards of 54-inch material. The width of the dress at the lower edge with plait fullness extended is 1 3/4 yards.

Pattern mailed to any address on receipt of 10 cents in silver or stamps. Send 12 cents in silver or stamps for our up-to-date fall and winter 1920-21 Book of Fashions.

Address orders to Beauty Fashion Department, Care Atlanta Constitution.

Miss Jane Sharp Gives Buffet Luncheon.

Miss Jane Sharp was hostess at a buffet luncheon Wednesday at her home on Peachtree Battle avenue, in compliment to Miss Mary Goddard and Miss Josephine Richardson, who are home from school for the holidays. Miss Sharp was assisted in entertaining by her mother, Mrs. Norman Sharp.

How an Expectant Mother Prepared for Baby's Coming

"I have been proven conclusively that much of the suffering experienced during expectancy, as well as at childbirth, is entirely unnecessary.

Tight tissues, binding muscles, sensitive nerves—all tend to set up an aggravated condition—napping strength and leaving the expectant mother unprepared to meet the crisis.

Mother's Friend is a comfort to expectant mothers. Externally applied, it relieves prenatal distress by relaxing tight tissues and muscles. And it is so soothing. Its daily use makes the skin soft and pliable.

Mrs. C. J. Hartman, Scranton, Pa., writes: "With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse; we had no time to get a doctor

"because I wasn't very sick—only about ten or fifteen minutes."

Mother's Friend is the discovery of an eminent physician. It contains no narcotics or harmful drugs. For over three generations Mother's Friend has relieved expectant mothers of much useless suffering. Begin using Mother's Friend today. The sooner the better. Sold by drug stores—everywhere.

What a Pity To Stay Fat When millions don't

People don't stay fat in these days. Not the people who care to reduce. Not the people who seek youth and beauty/health and vigor. You can see in every circle that excess fat is disappearing fast.

One great reason lies in a discovery made some 25 years ago. Medical research found a great cause of excess fat in a deficient gland. That gland largely controls nutrition. When it is under-active, too much food goes to fat.

That discovery changed the treatment for obesity with physicians the world over. They aimed to correct the deficiency. The chief factor they used was then embodied in Marmola prescription tablets, perfected by a great medical laboratory, Marmola has been used for 21 years—millions of boxes of it. The use grew and grew as the results appeared in every circle. Now it is enormous.

The use of Marmola does not require abnormal exercise or diet. Such extremes are harmful. The aim is to correct the cause. One simply takes four tablets daily until weight comes down to normal.

Each box of Marmola contains the formula. One knows exactly why the weight goes down and the vitality goes up. Don't let excess fat deprive you of the joys of life. Use Marmola to correct the cause, as so many have done for so long. Don't wait longer. Get a box of Marmola, watch the results, then let those results decide.

Marmola prescription tablets are sold by all druggists at \$1 a box. Any druggist who is out will order from his jobber.

MARMOLA
Prescription Tablets, The Pleasant Way to Reduce

Padgett-Cagle Wedding Rites To Be Solemnized January 23

The wedding plans of Miss May Andrews Padgett, daughter of Mr. and Mrs. Benjamin Robert Padgett, to James Reid Cagle, are of interest. The marriage will be solemnized at 8:30 o'clock Wednesday evening, January 23, at the home of the bride-elect's parents, North Highland avenue. The Rev. F. C. McConnell, pastor of the Druid Hills Baptist church, will perform the ceremony in the presence of a representative gathering of relatives and friends.

Miss Padgett has chosen as her maid of honor Miss Etta Taylor. Kendrick Kelly will act as the best man. The bride-elect will be given in marriage by her father, Benjamin Robert Padgett.

Following the ceremony an informal reception will be held at the home of the bride's parents on Highland avenue, assembling members of the wedding party and intimate friends.

Mrs. Phinizy Calhoun Is Hostess at Tea.
Mrs. Phinizy Calhoun was hostess at a large tea Wednesday at her home on Andrews drive, complimenting her daughter, Miss Marion Calhoun. Serving punch were Misses Louise Calhoun, Catherine Calhoun, Nancy Calhoun, Laura Maddox and Katherine Newman.

Mrs. Calhoun was assisted in entertaining by a group of schoolgirls: Misses Helen Howard, Susan James, Eleanor Smith, Frances Barwell, Mrs. Mary Anne Carr, Mary Bryan, Florence Bryan, Susan Broyles, Carolyn Paulin, Josephine Richardson, Betty Scott, Barbara Hill, Betty McAnix, Esie Dallas, Deas Smith, Marian Smith, Lucia Smith, Frances Odell, Lillian Odell, Louise Robert, Mary Phillips Orme, Nancy Orme, Octavia Riley, Flossie Hill, Betty McDuffie, Fort Scott Mendoz, Frances Weinman and Mrs. Mary Anne Carr. The guests included a large number of the schoolgirl contingent of society.

Mrs. Thomas Honors Sunday School Class.

Mrs. W. Howard Thomas entertained the members of her Sunday school class of the Second Baptist church at a lovely dinner at her home on Katherine drive Sunday evening. Those present were Misses Dot Bennett, Sara Miller, Flossie Daniels, Annie Laurie Thompson, Mrs. Wilbur Swiley, Miss Heora Swiley, Mrs. Ernest Williams, Miss Gertrude Grace, Mr. and Mrs. W. Howard Thomas and Wilbur Swiley.

Lebanon O. E. S. Installs Officers.

The installation of the officers of Lebanon chapter, No. 105, of the Eastern Star, for the year 1929 was held at the Masonic temple, Stewart and Dill avenues, Monday evening at 8 o'clock. Mrs. Eva Jensen acted as grand installing officer, assisted by Mrs. Elmer Layton, grand marshal; Mrs. Alice Cathey, grand chaplain; and Mrs. Petty, organist. A large gathering of members and friends were present for the installation, afterwards staying to watch the new year in. The officers installed were Mrs. Aline Norris, worthy matron; J. H. Howard, worthy patron; Mrs. Anne Hayes, associate matron; Mrs. Alma Backus, secretary; Mrs. Alma O'Neil, treasurer; Mrs. Eva Lytle, conductress; Mrs. Gusie Tripp, associate conductress; Mrs. Mabel Matthews, chaplain; Mrs. Annie Ford, marshal; Mrs. Lottie Chapman, organist; Mrs. Fannie Blackmar, Adah; Mrs. Annie Corry, Ruth; Mrs. Jewell Smith, Esther; Miss Lena Martin, Martha; Mrs. Vera Black, electa; Mrs. Anne Harwell, warden, and A. D. Wall, sentinel.

Now You Can Reduce 2 to 4 Lbs. in a Night

LOSE WEIGHT WHERE YOU MOST WANT TO

Fayro reduces weight generally, but you can also concentrate its effect on hips, legs, ankles, chin or any part of the body you may wish.

Results Are Immediate

Weigh yourself before and after your Fayro bath. You will find you have lost from 2 to 4 pounds. And a few nights later when you again add Fayro to your bath, you will once more reduce your weight. Soon you will be the correct weight for your height. No need to deny yourself food you really want. No need for violent exercise. No need for drugs or medicines. Merely a relaxing Fayro bath in the privacy of your own home.

Try Fayro at Our Risk

The price of Fayro is \$1.00 a package. Inside each package you get an interesting booklet, "Health and Open Pores."

Eat what you please

Wear what you please

Do what you please

Take no risky medicine

Thousands of smart women have found this easy way to take off 2 to 4 pounds once or twice a week. These women take refreshing Fayro baths in the privacy of their own homes. Fayro is the concentrate of the same natural mineral salts that make effective the waters of twenty-two hot springs of America, England and Continental Europe. For years the spas and hot springs bathing resorts have been the retreat of fair women and well-groomed men. Excess weight has been removed, skins have been made more lovely, bodies more shapely and minds brighter.

The Hot Springs Are Now Brought to You

A study of the analyses of the active ingredients of the water from twenty-two of the most famous springs have taught us the secret of their effectiveness. You can now have all these benefits in your own bath. Merely put Fayro into your hot bath. It dissolves rapidly. You will notice and enjoy the pungent fragrance of its balsam oils and clean salts!

Then, Fayro, by opening your pores and stimulating perspiration forces lazy body cells to sweat out surplus fat and bodily poisons. Add Fayro to your bath at night and immediately you will lose from 2 to 4 pounds in an easy, refreshing and absolutely harmless manner.

Your physician will tell you that Fayro is certain to do the work and that it is absolutely harmless. Fayro will refresh you and help your body throw off worn-out fat and bodily poisons. Your skin will be clearer and smoother. You will sleep better after your Fayro bath and awaken feeling as though you had enjoyed a week's vacation.

If each bath of Fayro does not reduce your weight from 2 to 4 pounds, we will refund your money without a question. No risk nothing.

HERE'S PROOF

Read what Fayro Baths have done for others.

"Three Fayro baths reduced my weight 11 pounds in 4 days. I feel younger and sleep better. Fayro is wonderful."

"My double chin vanished after the magic of Fayro baths."

"My hips were always too prominent until I commenced Fayro baths. I have lost 12 pounds."

"Thank you for Fayro. I lost 14 pounds in three weeks. It is pure, keeps perfectly and children love its pleasant taste."

"Since childhood my thick ankles have always been a trouble. Fayro baths have reduced them beautifully. Thank you very much."

For Sale at Jacobs' Drug Stores and at all drug and toilet counters.

If your dealer is unable to supply Fayro, write or mail direct to a plain, unmarked package with receipt of price. Fayro, Inc., 821 Locust St., Pittsburgh, Pa.

Mrs. A. N. Francke, Honor Guest At Party Series

Mrs. Arthur N. Francke, of Saginaw, Mich., the guest of her sister, Mrs. Thomas K. Glenn, at her home on Myrtle street, is being entertained at a number of parties. Mrs. Francke, who arrived in the city Saturday, returns Friday to her home in Saginaw.

Honoring Mrs. Francke and Mrs. Richard H. Wilmer, of Washington, D. C., the guest of her parents, Mr. and Mrs. John W. Grant, Mrs. Hugh Richardson entertains at a luncheon at 1:30 o'clock Friday afternoon, January 4, at her home on Pace's Ferry road. The guests will include two friends of the hostess and honor guests.

Mrs. William Royer will be hostess at luncheon at 1:30 o'clock this afternoon at the Biltmore, honoring Mrs. Francke. A small group of friends will enjoy this affair.

Others who have entertained for Mrs. Francke during her stay in the city are Mrs. William Candler, who entertained at the Biltmore; Mrs. Stacy Earnest Hill, who was hostess at the Biltmore; and Mrs. Thomas K. Glenn, who honored her guest at reception at the Piedmont Driving Club.

Cox-Dixon Cards Are Issued.

Mrs. Joseph Franklin Cox announces the marriage of her daughter, Jo Ann, to Doremus Windsor Dixon, Saturday, December 29, in Plymouth church, Coconut Grove, Fla.

Rev. and Mrs. High Moor Extend Invitation.

The Woman's auxiliary of St. Luke's Episcopal church will hold their January meeting at the rectory, 176 Peachtree circle, Friday, January 4, at 8 o'clock. This will be a social meeting and the Rev. and Mrs. High Moor will extend a cordial invitation to all members of the parish to attend, but especially hope that the many new-comers and visitors of the parish will avail themselves of this opportunity to become acquainted with the members of the auxiliary and others of the congregation. Mrs. Moor will be assisted by the officers, who are Mrs. Joseph H. Williams, president; Mrs. E. E. Dallas, vice president; Mrs. E. A. Bancker, Sr., secretary; and Mrs. Foster Fitz Simons, treasurer.

Children's Matinees Discontinued at Palace.

The Atlanta Better Films committee announces a discontinuance of the Saturday morning matinees at the Palace theater, on account of the influenza situation. The better films organization, which has for years had the welfare and happiness of Atlanta's young people at heart, is equally concerned with the health of the city. The matinees will be resumed as soon as conditions warrant. The junior programs inaugurated at the Palace last May have grown into the attractions of both youngsters and adults of this locality, and many hundreds of parents have encouraged their children to form the habit of attending these special programs for children. Parents who are concerned in the continuance of the matinees are asked to get in touch with the matinee committee as to the proper date of reopening.

The public-spirited group of mothers of this vicinity who have worked untiringly for the success of this new community venture have been Mrs. E. W. Durden, chairman; Mrs. Roy Smith, assistant chairman; Mrs. Fred Burruss, chaplain; and Mrs. William W. Smith, telephone chairman. The pictures shown have been selected by Mrs. Newton C. Wing, president of the Atlanta Better Films committee, and former chairman of the matinees held at the Howard theater. Many other communities, notably Birmingham and Decatur, have followed the Atlanta plan of junior matinees at suburban theaters.

Mrs. John Woodside Honors Visitors.

Mrs. John J. Woodside, Jr., entertained at a bridge-luncheon Wednesday at her home on East Fifteenth street, in compliment to Miss Gretchen Niles of Buffalo, N. Y.; Mrs. Mary Pendleton, of Roanoke, Va.; and Mrs. Moreton Bushong, of Philadelphia. Covers were placed for the honor guests and Mrs. John C. DuPre, Travis Kimmell, Mrs. Walter Brummark and Mrs. M. G. Phelan.

Mrs. Claude Frederick Honors Daughter.

Mrs. Claude Frederick was hostess at a buffet luncheon Wednesday at her home in the Biltmore apartments, complimenting her daughter, Miss Nancy Frederick, who returned from the National Cathedral school in Washington, D. C., to spend the holidays. Guests included 60 members of the schoolgirl set.

Miss Frederick will also be honored at a tea at which Mrs. Fred Rogers will entertain at her home on Ivy road, the date to be announced later.

Miss Couper's Tea Indefinitely Postponed.

Miss Isabel Couper, lovely school girl daughter of Mr. and Mrs. J. M. Couper, has recalled the invitation to the large tea at which she was to have been hostess Friday, January 4, the affair having been indefinitely postponed, due to Miss Couper's continued illness of influenza.

Famous Recipe For Stopping a Severe Cough

You'll be pleasantly surprised when you make up this simple home mixture and try it for a distressing cough or chest cold. It takes but a moment to mix and costs little, but it can be depended upon to give quick and lasting relief.

Get 2½ ounces of Pinex from any drugist. Pour this into a pint bottle; then fill it with plain granulated sugar syrup or strained honey. The full pint thus made costs no more than a small bottle of ready-made medicine, yet it is much more effective. It is pure, keeps perfectly and children love its pleasant taste.

This simple remedy has a remarkable three-fold action. It goes right to the seat of trouble, soothes away the inflammation, and loosens the germ-laden phlegm. At the same time, it is absorbed into the blood, where it acts directly upon the bronchial tubes and thus helps inwardly to throw off the whole trouble with surprising rapidity.

Pinex is a highly concentrated compound of genuine Norway Pine, containing the active agent of creosote, in a refined, palatable form and known as one of the greatest healing agents for severe coughs, chest colds and bronchial troubles.

Do not accept a substitute for Pinex. It is guaranteed to give prompt relief or money refunded. — (adv.)

Miss Minter Weds George M. Glass.

Mrs. J. G. Minter, of Iman, announces the marriage of her daughter, Addie Lee, to George M. Glass, of Enid, Okla., the ceremony having been performed December 29.

Styler's NO. 677 Paris—New York.

LOOKING SLENDER.

A most attractive one-piece dress of printed silk crepe in light tone of plain silk crepe in lighter tone of sheer velvet in deepest tone of print. The unusual scarf collar is of sheer velvet in deepest tone of print, and is repeated in cuffs and belts, ending in points at each side of front. Address orders for this pattern to Amette Fashion Department, care The Constitution, Atlanta, Ga.

GOING FARE LIMIT IS DENIED IN BRIEF

Washington, January 2.—(AP)—Additional argument in New York city's dispute over a proposed seven-cent fare on the Interborough Rapid Transit company's lines was submitted today to the supreme court by the Manhattan Railroad company, which declared in a brief that the franchise under which its elevated system was constructed "does not limit the fare to be charged to five cents a ride."

The Manhattan company holds the franchise under it leases the line to the Interborough. The case, in which the city and the state transit commission are opposing the Interborough's proposed fare increase from five to seven cents, is to be argued in the supreme court on January 14.

The brief noted that the city and transit commission contend the fare on the elevated railroads is restricted to five cents by certificate granted in 1913 by the public service commission, authorizing the Interborough to construct extensions to the more elevated railroads it then operated. It denied this gave the commission power to restrict the fare on the extensions.

The Manhattan company's stock earnings are dependent on the fare on the elevated lines, the brief declared, adding these lines "under a five cent fare earn far less than a reasonable return on their value."

BURNS SUFFERED NEW YEAR'S DAY PROVE FATAL TO 2

Memphis, Tenn., January 2.—(AP)—Two persons were dead today of burns received in their respective homes New Year's day.

Mrs. Alice Seeger, 63, of Lake Cormorant, Miss., died at a Memphis hospital this morning of burns received at her home when flames from an open grate ignited her clothing. Mrs. Robert Chard, her daughter, heard Mrs. Seeger scream and succeeded in extinguishing the flames. An ambulance brought Mrs. Seeger here for treatment.

Mrs. Lida Watson Downing, 32, wife of E. L. Downing, a grocer, died at the same hospital last night of burns received during the afternoon. She was cleaning a dress with gasoline, and it was believed the fumes were ignited from a gas stove, causing an explosion. Mr. Downing, who was forced to make two trips into the flaming kitchen before he could get his wife out, was burned about the hands and face.

BRAZIL PRESIDENT WILL NOT MIX IN S. A. DISPUTE

Buenos Aires, January 2.—(AP)—President Yrigoyen today declined the request of the Argentine cabinet for an arbitration and conciliation to appoint an Argentine representative to the commission to investigate the Bolivian-Paraguayan dispute.

NICARAGUA PRESIDENT NAMES HIS CABINET

Managua, Nicaragua, January 2.—(AP)—The cabinet of General Jose Maria Moncada, who was inaugurated yesterday as president of Nicaragua, was announced today with the exception of the secretary of war. The list follows:

Foreign Relations—Cordeiro Reyes. Finance—Benjamin Ahumada. Public Instruction—Dr. Leonardo Arguello. Gobernación—Dr. Bernardo Soto. Interior—Antonio Barahona.

METHODIST BISHOPS APPROVE PEACE PACT

Meeting in Memphis, Leaders of Southern Church Urge Ratification.

Memphis, Tenn., January 2.—(AP)—The college of bishops of the Methodist Episcopal church, south, approved the Kellogg peace pact today.

Ten of the 13 bishops of the college, here attending the International Missionary conference, which opened today, adopted a resolution endorsing the treaty late this afternoon. The vote was not announced, but in conference circles was said to have been unanimous.

The resolution affirmed "our faith in the international treaty," pledged the church to "join with the high contracting parties" in renouncing war; recommended that the church "bring to bear all available legitimate influence" to obtain ratification; and on the part of the bishops, addressed "this plea to our compatriots in the national senate" asking that "this pact be ratified and given an opportunity to realize the promise of peace on earth, good will to men."

Bishop Edwin D. Monzon, of Charlotte, N. C., presided at the session. Many of the bishops took part in the program of the missionary conference. Attending with them were some 2,000 delegates representing the 11 missionary districts of the church. The conference ends tomorrow.

Dr. L. D. Patterson, pastor of the Avondale Methodist church, Birmingham, and former missionary to China, brought the audience at a section meeting this afternoon to its feet with a demand that the book of discipline of the church be revised to eliminate what he called "provisions which make our presiding elders and bishops business managers."

Bishop John N. Moore, of Dallas, defended the discipline system. He said that Dr. Patterson's complaint that church leaders were not free "for the winning of souls" was not justified. Afterward he explained that his address had not been prepared as a reply to Dr. Patterson, but that in view of the minister's remarks, it could be interpreted as a defense of the rules now in effect.

The general theme of all addresses was what speakers referred to as "the new Christianity," based, they said, on "a common world fellowship."

Addresses presenting this conception of the church were delivered by Bishop W. H. Beauchamp, of Atlanta, presiding officer; Dr. Frank S. Obedson, superintendent of the Texas-Mexican mission; Dr. Ralph E. Diefendorfer, of New York, general foreign missions secretary of the Methodist Episcopal church; Dr. E. Stanley Jones, author and missionary to India; Dr. Alfred F. Smith, editor of the Christian Advocate, Nashville, and others.

Y. C. Yang, president of the Soochow university, Soochow, China, told the conference tonight that China, "torn between conflicting factions, now stands at the cross-roads."

The Orient, he said, "presents to the Christian church one of the greatest challenges which it has ever been confronted."

"Christianity," he said, "has already secured a foothold in China. . . . But the unfinished task ahead is enormous in its magnitude."

CHALONER TO EXHIBIT MAGIC TO SCIENTISTS

Charlottesville, Va., January 2.—(AP)—John Armstrong Chaloner, author of the famous "Who's Looney Now?" phrase, has left there for New York to demonstrate "a piece of magic."

He will attempt to demonstrate before a group of scientists, according to information given out here, how he turns his snow white hair to rich brown by gazing at the panel of a walnut wardrobe. While traveling, it was said, he will carry a small walnut slab to perform his sartorial activities.

Mr. Chaloner does not attempt to explain his "piece of magic" but announces that he will give \$1,000 to anyone who will offer the explanation. The demonstration he said will take place in the Albert hotel. Writing to a friend, Colonel William Rand, a New York attorney, Mr. Chaloner says:

"I don't attempt to explain it—perhaps you can; in that case you pocket a thousand dollars. The black hair of the wardrobe enters my eye, penetrates my skull, enters the roots of my hair, and when, thereafter, I boyishly 'duck my head' in the basin, the 'dye' enters, my hair and stays there for hours."

Mr. Chaloner, the master of the Merrie Mills estate in Albemarle county and a reputed millionaire, was at one time adjudged insane in New York although held sane in Virginia and North Carolina. He was later declared sane in New York.

"Who's looney now?" was the telegram he sent to his brother, Bob Chaloner, a sheriff in New York state, on the occasion of his marriage to Lina Cavallieri. He changed his own name from Chanler to Chaloner.

CHAMBER URGES NATIONAL CENSUS OF DISTRIBUTION

Washington, January 2.—(AP)—Congress was urged today by the Chamber of Commerce of the United States to adopt legislation providing for a national census of distribution in connection with the regular decennial census in 1930. A census bill with such a provision already has the approval of the house and is now awaiting action by the senate.

In a letter to senate members, William Butterworth, president of the chamber of commerce, said that such a census would be of value to every branch of industry and commerce.

BAN ON THE PURDAH FOUGHT BY TRIBES IN INDIA PARLEY

New Delhi, India, January 2.—(AP)—Hostility to Queen Suriya and her family and opposition to abolition of the purdah, or seclusion of women, will be two of the problems which will come up at peace negotiations now going on at Jalalabad between the Shinwaris and Ali Ahmad Jan, former governor of Kabul, who already has handed substantial sums to the rebel tribesmen.

The terms proposed for peace are not known here but it is understood that the tribes are keen for the restoration of the authority of the mujahids, or Mohammedan priests in government affairs, are opposed to abolition of the purdah and are hostile to the queen.

Large reinforcements have reached Kabul from Kandahar and Mazar-sharif. The roads between Jalalabad and Kabul are still blocked and no caravans are going to the Afghan capital.

TRUNK LINES' CONTROL OF RAILROAD IS URGED

Agent Submits Report on Application of Wabash.

Washington, January 2.—(AP)—A suggestion that control of the Lake Erie & Fort Wayne railroad should be jointly held by trunk lines with which it connects was given to the interstate commerce commission today by Thomas F. Sullivan, an agent who has completed an inquiry into its situation.

The Wabash railway now has pending before the commission a new petition for authority to take control of the Lake Erie & Fort Wayne by purchase.

The Sullivan report advised the commission to allow the Wabash to complete purchase of the Lake Erie & Fort Wayne stock, but to require it to sell to each of the other three trunk lines a share in the Lake Erie & Fort Wayne ownership. The entire property of the Lake Erie & Fort Wayne was estimated by the Wabash company to be worth \$135,630.

The recommendations will be considered by the commission in reaching a final conclusion in the matter.

EARTHQUAKE NOTED ON LUZON ISLAND

Manila, January 2.—(AP)—The Manila weather bureau today was advised that an earthquake had occurred in the central provinces of Luzon island late yesterday. No damage was reported.

WILLIAMS PLANS PLANE TO EXCEED 318 MILES HOUR

Washington, January 2.—(AP)—Lieutenant Alford J. Williams, navy speed pilot, now on duty at the bureau of aeronautics, is collaborating with the Mercury Flying Corporation with the Mercury Flying Corporation of New York in the construction of a new fast plane that it is hoped will exceed Williams' own unofficial record of 318 miles an hour.

It was said at the navy department today that Lieutenant Williams' interest in the plane is private and outside his official duties.

Navy department officials refused comment regarding the possibility of Lieutenant Williams' participation in this year's Schneider cup race, or as to whether the new plane is being built to compete in that race.

It was stated, however, that the department itself is not planning to construct or enter a plane in the race this year because of the prohibitive expense involved.

A. A. C. Quint Gains Victory Over Clemson

**Athletic Club Opens Season
Here With Brilliant
56-to-29 Victory.**

Passing smoothly, swiftly and effectively; shooting with accuracy and regularity, Coach Joe Bean's Athletic club basketball team began its season on the club floor Wednesday night by taking a hard-working Clemson college team for a 56-29 ride.

That score, 56-29, seems on first inspection to be slightly indicative of a runaway on the part of the club and it was that, almost. Clemson's

team tried hard and fought all the way, as any team that Josh Cody coaches will do, but the club was too much for the Tiger, just as the club is probably going to be too much for every team it meets this season.

Stephens Is Star.

Pat Stephens, the slim, wiry black-headed forward of the club, shared those who braved the cold of Wednesday night, that his ability to sink those long, arching shots at the basket hasn't deserted him since last winter. Stephens said he might have more than once, took a pass and twisting up in the air dropped the ball in for the points. Stephens and Brewer were the leading scorers in the eighth and ninth quarters, as well as to be almost even. Stephens had 18 and Brewer 17.

Thomas, the only shooter on the team, missed everything he attempted, proving consistency, rimmed 12 of his team's points.

Roy Mundorf and his Tech team

look at Clemson. Tech's foe on Saturday night. They looked well and long, for Clemson was making a good showing against the Athletic club, a versatile, swift, experienced team. Clemson has engagements in Chattanooga and Knoxville before returning here Saturday for the Tech game.

McCrory Scores First.

The club began things with Joe McCrory racing in for a field goal and

two points. Clemson got a charity chunk and Crain made the score 2-1. Then young Pat Stephens took the ball in hand and the score began mounting as he arched the ball in from the side the court and center and from all sorts of distances. When

Stephens was finally prevailed upon to desist the score was 12-4, Clemson having made one field goal and one foul shot. This jag of Stephens' gave the club a comfortable lead which it never relinquished, keeping Clemson at a safe and proper distance.

Following this Stephens and Brewer alternated, Stephens with the long shots and Brewer with the short ones. Bell drifting in with a point-maker every once in a while, until along towards half-time the score read 25-9.

O'Dell made two field goals and Lester one for Clemson. Here Coach Joe flocked in a new team and while Connor was making one field goal. Hewitt and Lester counted for Clemson, which left the score 27-13 at the half.

Second Half.
They came back for the second half and Brewer started things off with three goals in a row, all of them pretty shots. Clemson was trying to break through but good work under the basket by Bidgeway, McGraw and

Bell was keeping the Tiger out or making him hurry his shots and miss. Thomas, however, began sinking shots from back of the foul line and kept his team's score mounting slowly. Stephens and Brewer continued to al-

ternate with Bell helping out and as the time for the game's end rolled around A. A. C. was ahead by 53-28 and Coach Bean sent in his sub team again. The boys performed well and though not as smooth a combination as the first string, they played a fast

The club will play its next game Saturday night when Oglethorpe is met and if the club team shows the form it did last night, and there's no reason why it shouldn't, then there's another game in the win-

North Carolina Loses by 43 to 30

Columbus, Ohio, January 2.—(P)—Coming from behind in the early part of the first half, the fast Ohio State quintet won over the North Carolina Tar Heels here tonight by the score of 43 to 30.

Though the visitors battled with a vim in the first minutes of play, the half time period ended with the Buckeyes leading, 22 to 13.

Carolina was defeated last night by Butler, 43 to 20, at Indianapolis and goes tomorrow to meet the University of Louisville at Louisville, Ky.

Santiago Is Matched With Tony Canzoneri

Chicago, January 2.—(P)—Armando Santiago, Cuban youth, who scored a knockout, ridden over Tom Sayers

knockout victory over Joey Sangor last month, was matched today for a 10-round bout with Tony Canzoneri, former featherweight champion, at the Chicago coliseum January 18.

On Job for 15 Years

Poulton Travers, recently dismissed as basketball coach of City College, Baltimore, was on the job 15 years

straight. Probably he was in one basketball job longer than any other coach.

Golden Tornado Starts 2,350-Mile Trip Home Today

Georgia Beats Carolina Cage Quintet Again

Score in Second Conference Game Is 46 to 21; Bulldogs Show Speed.

Athens, Ga., January 2.—(AP)—The University of Georgia's Bulldogs basketball team tonight added a second southern conference victory to their string by soundly trouncing the Gamecocks, of South Carolina, 46 to 21.

The Bulldogs passing game was working with precision as the ball was put into play from the first tap-off and the Red and Black was away to an eight-point lead before the Gamecocks broke into the scoring column with two perfect loops from free throws by White.

Harris, Bulldog forward, pulled out in front in his private scoring feud with his running mate, Palmer, tonight, scoring 18 points to 11. Both Bulldogs forwards sank shots from every angle.

The Red and Black set a stiff pace through the first half to lead, 20 to 5, but in the second period, the defense failed to function as effectively and the Gamecocks scored more freely.

Three Kentucky Teams To Play In Tourney

Lecington, Ky., January 2.—(AP)

Three Kentucky teams will be entered in the annual S. I. A. A. basketball tournament at Jackson, Miss., this year instead of one.

C. A. Webb, chairman of the Kentucky district of the association, announced today. Games played against S. I. A. A. opponents as well as results in the annual district tournament at Winchester will be counted in the season averages upon which basis selection of Kentucky's entries will be made.

Formerly the winner of the Winchester tournament was the only Kentucky representative permitted in the southern tournament.

Eddie Shea Gets Big Chance Friday

Chicago, January 2.—(AP)—Opportunity will knock at Eddie Shea's door Friday night when the westside featherweight meets Tony Mandell.

Boston, in one of the 10-round head-line bouts on Jim Mullin's card at the Coliseum.

Shea is making a determined bid for recognition as ranking challenger for Andre Route's title.

If he defeats Mandell, Paul Prehn, chairman of the Illinois athletic commission and president of the National Boxing Association, will be asked to designate Shea the leading contender.

Smithy Squad Is Back Home After Victory

None of Players Injured in Hard Game at Tampa; 3 of Players Miss Train.

Atlanta's newly crowned southern prep football champions—the Tech High Smithies—returned Thursday afternoon from their successful invasion of Florida where New Year's afternoon the Smithies eleven defeated the Hillsborough High school team of Tampa, 24, to win the southern title.

The team rolled in at 3:15 o'clock Tuesday afternoon glad to get back home and feeling pardonably proud of its victory.

The loss of two points resulted from a safety when a bad pass from center went over the head of Canella—Hillsborough back—and was grounded back of the goal line for a safety.

There were no injuries sustained by any member of the squad. The weather was slightly hot, so the boys stated upon arrival back home, but seemed to have no ill effects. The chief trouble was due to the fact that not very long ago a circus had been held on the football field and the playing surface was extremely rough.

The players were saying Tuesday that Carnes got in the clear and would have been away for a Tech High touchdown except for the fact that he stumbled in a rut and fell.

W. O. Cheney, principal of the school, said Tuesday that three of the players missed the train in Tampa

That Appendix *** Attached to It—Hated To See It Go—But Old Friends Must Part at Times.

BY WALTER TRUMBULL

New York, January 2.—(Special.)—Tex Rickard and his appendix have separated. It wasn't without a struggle. Tex sticks to his old friends and he and that appendix had been around together for over half a century. As an appendix it may not have been much good but Tex was attached to it. They had to give him either before a doctor could come between them.

Dennis Lyons Dies After Short Illness

West Covington, Ky., January 2.—(AP)—Dennis "Denny" Lyons, former major league baseball player, died at his home here today after a short illness.

Years ago Lyons played on the Baltimore Orioles club when John McGraw and Wilbert Robinson, major league managers, were members of the team. He also played with the Athletics, Browns and Yankees in the American league.

Always a heavy hitter, he topped the 400 mark once and batted above .300 for 10 years. He was forced out of baseball when he injured a knee while playing with the Browns.

and were coming on later. The players were Mott, Hutt and Chandler. The Smithies are through with football until next fall and Coach Tolbert has turned to basketball with practice getting under way this afternoon.

Excuses Many For California After Defeat

Coast Writers Blame Reigels' Boner for Loss in Rose Bowl Game.

BY DICK HAWKINS, Constitution Sports Editor.

San Diego, Calif., January 2.—After following Georgia Tech's Golden Tornado at Tia Juana, Mexico, for an afternoon, this football analysis may be flavored somewhat with Mexican atmosphere. But after reading the stories in coast papers this morning it is impossible to let the day go by without saying something in defense of the Jackets.

"Refuse" is the chosen word because it is the correct word in this case. Up and down the coast from Portland to San Diego experts have sung the same refrain after the game that was won by the Tornado from the Golden Bears.

They choose to look back on that historic conflict with a superficial eye and they choose to say, "If Reigels had not run the wrong way in the second quarter, California would have won the game by one point." If they choose to enter a campaign of "ifing," we can play the same game.

If that safety had not been scored by the Jackets in the second period what would have been done, here's the answer: Tech would have continued the line of attack that brought it one touchdown and several long gains before the touchdown was made.

California's two great ends proved to be "fish" for the Jacket secondary from the first whistle until Bob Durant, calling signals for the Tornado, chose to leave them alone. If the safety had not been scored Bob would have been forced to send his halves around the Bear ends longer than he did.

With eight points on his side, however, and but a few minutes more to play he would have been foolish to risk the danger of a fumbled ball in order to gain ground inside and outside the California tankmen. Sending his men through the line eliminated at least part of the danger of fumbling and that had proved a serious menace in the rest of the game.

To say that Tech might have scored again in that game is taking a lot for granted but when the coast writers say that California should have won the game by one point is to open the door for argument. The fact still remains that California's two big ends were playing too close to the line and Tech had made one touchdown in two plays from the 45-yard line and there is no reason to believe that they could not have scored another if they had followed the same course.

Running outside tackle is dangerous and running inside tackle is comparatively safe, so Bob Durant followed the safe route. He never called for a pass and he never ran the halves outside tackle after the eight points were scored. You may draw your own conclusions from this statement.

Tech tried three passes and completed one for a gain of 35 yards. California's backs had displayed no great knowledge of pass defense and it is only fair to suppose that Tech might have used passes to advantage if they had not already had eight points margin in the contest.

In the final quarter California's line was showing the signs of general

Excuses Many For California After Defeat

Coast Writers Blame Reigels' Boner for Loss in Rose Bowl Game.

BY DICK HAWKINS, Constitution Sports Editor.

San Diego, Calif., January 2.—After following Georgia Tech's Golden Tornado at Tia Juana, Mexico, for an afternoon, this football analysis may be flavored somewhat with Mexican atmosphere. But after reading the stories in coast papers this morning it is impossible to let the day go by without saying something in defense of the Jackets.

"Refuse" is the chosen word because it is the correct word in this case. Up and down the coast from Portland to San Diego experts have sung the same refrain after the game that was won by the Tornado from the Golden Bears.

They choose to look back on that historic conflict with a superficial eye and they choose to say, "If Reigels had not run the wrong way in the second quarter, California would have won the game by one point." If they choose to enter a campaign of "ifing," we can play the same game.

If that safety had not been scored by the Jackets in the second period what would have been done, here's the answer: Tech would have continued the line of attack that brought it one touchdown and several long gains before the touchdown was made.

California's two great ends proved to be "fish" for the Jacket secondary from the first whistle until Bob Durant, calling signals for the Tornado, chose to leave them alone. If the safety had not been scored Bob would have been forced to send his halves around the Bear ends longer than he did.

With eight points on his side, however, and but a few minutes more to play he would have been foolish to risk the danger of a fumbled ball in order to gain ground inside and outside the California tankmen. Sending his men through the line eliminated at least part of the danger of fumbling and that had proved a serious menace in the rest of the game.

To say that Tech might have scored again in that game is taking a lot for granted but when the coast writers say that California should have won the game by one point is to open the door for argument. The fact still remains that California's two big ends were playing too close to the line and Tech had made one touchdown in two plays from the 45-yard line and there is no reason to believe that they could not have scored another if they had followed the same course.

Running outside tackle is dangerous and running inside tackle is comparatively safe, so Bob Durant followed the safe route. He never called for a pass and he never ran the halves outside tackle after the eight points were scored. You may draw your own conclusions from this statement.

Tech tried three passes and completed one for a gain of 35 yards. California's backs had displayed no great knowledge of pass defense and it is only fair to suppose that Tech might have used passes to advantage if they had not already had eight points margin in the contest.

In the final quarter California's line was showing the signs of general

Dempsey Agrees To Return for Fight

New York, January 2.—(AP)—The New York American will say tomorrow that Jack Dempsey definitely has agreed to return to the ring in quest of the heavyweight championship he lost to Gene Tunney in 1926.

Promoter Tex Rickard is expected to announce the Manassas Mauler's return next week from Miami.

According to the American Rickard's statement will say:

"That Dempsey has agreed to meet the winner of the impending elimination tournament, and that the match will decide the rightful owner of the championship left vacant by the retirement of Gene Tunney."

"That the match will be staged at New York during August or September, depending on the length of time it requires Dempsey to get in shape."

weakness though they had made more substitutions than the Tornado at that time. Anybody who looks at the matter in an impartial way can do nothing but admit that Georgia Tech did not try seriously to score in that last quarter when leading by eight points.

Chick Meehan, coach of the New York University team, was fitting in the press box and his declaration after the game covered the whole situation thoroughly. He said: "That safety was an unfortunate thing in more ways than one."

"It put," continued Meehan, "the Golden Tornado in a position where it was impossible to show its real strength." His analysis was undoubtedly correct though he has no interest in either team.

Tech has been criticized for fumbling the ball five times in one game. That criticism is merited when one looks entirely on the surface of the thing but a careful examination of the facts reveals that all those fumbles were due to savage tackling and a strange ball that Tech was not used to playing with.

All footballs may look alike to the populace but they are not all alike. The ball used in the Rose Bowl game was unlined and Tech is accustomed to playing with a lined ball. The two are very different. A lined ball holds its shape throughout the entire game and is always inflated to the same intensity. An unlined ball gets softer after being kicked a few times and is harder to handle. This is no excuse for the Tornado's fumbling. No excuse is necessary when the final score is remembered but is a factor that the stands could not see.

After all is said and all alibis are made the fact still remains that Georgia Tech's Golden Tornado is champion of the nation and today the Tornado celebrated that fact. Bidding good-bye to the Vista Del Arroyo in Pasadena this morning two bus loads of hilarious athletes set out for Mexico and reached the promised land just one hour before closing time.

Like all things of interest, the country of Mexico says that visitors must not stay after 6 o'clock in the evening so we were forced to return to American soil without having fittingly celebrated the victory of Georgia Tech, but perhaps it was for the best. At the present moment all the members of Tornado are at rest in the U. S. Grant hotel in San Diego and tomorrow morning the journey back to Los Angeles will begin.

At 11:30 the cars will leave for home and if nothing happens the victorious Jackets will arrive in Atlanta Monday night. They deserve a royal reception and will probably receive the same.

Running to Lines.

"I was running toward the side lines and when I picked up the ball I started to turn to my left toward Tech's goal. Somebody shoved me and I bounded right off into a tough tackler. In pivoting to get away from him I completely lost my bearings."

"I wasn't out of my head at all, and I hadn't been hurt. I think I showed that when I came back in the second half and played through."

Reigels in the second half played brilliantly, erasing part of the stigma of his previous blunder with his defensive work which included the blocking of a Tech punt.

Sports writers here commended the southerners for following the ball and ball Warner Mizell, Georgia Tech's star halfback for the dashing runner he proved himself to be, but they all revert to the old story that the "breaks decided the game." California got her share of breaks and took advantage of them. In numbers, perhaps these breaks were equally distributed.

torious Jackets will arrive in Atlanta Monday night. They deserve a royal reception and will probably receive the same.

Mad 75-Yard Dash Echoes Along Coast

California Followers Say Freak Not To Be Blamed on Star Center of Team.

BY VICTOR G. SIDLER, Associated Press Sports Writer.

Pasadena, Calif., January 2.—(Special.)—The Georgia Tech football team, with a victory over California in Rose Bowl stowed away by an 8-to-7 score, will leave here at 11:30 a. m. tomorrow for Atlanta and home.

The victorious Tornado squad spent today visiting San Diego and Tia Juana, Mexico, and returned to Pasadena late tonight.

The weird 75-yard run of Roy Reigels, California center, to his own goal line, echoed by the groans of thousands of Bear followers in the Rose Bowl here yesterday, reechoed today wherever gridiron fans gathered.

Everywhere the luckless miscalculation of the California captain-elect, which paved the way for the safety that proved the ultimate margin of victory, was recalled in detail.

That it was an unfortunate circumstance was generally agreed.

His Long Dash.

This freak play of modern gridiron history, Reigels' long dash after recovering "Stumpy" Thompson's fumble in the neighborhood of the Georgia Tech 25-yard line, was not the result of "dumbness" on the part of the blonde Bear player, all agreed.

His teammates and Coach Clarence "Nibs" Price took it for what it proved to be—a break that came momentarily, when, charging toward the Tornado goal line, Reigels suddenly reversed and leaped toward his own.

Reigels was heartbroken today over his blunder. He offered no alibis and would not talk about it, choosing rather to forget. Approached after the game, the tow-headed pivot man denied that he had been hurt and as a result was unconscious of what he was doing.

Running to Lines.

"I was running toward the side lines and when I picked up the ball I started to turn to my left toward Tech's goal. Somebody shoved me and I bounded right off into a tough tackler. In pivoting to get away from him I completely lost my bearings."

ETHEL LACKIE WILL RETIRE AS AMATEUR

Chicago, January 2.—(AP)—Miss Ethel Lackie, veteran of the nation's ranking girl swimmers, is retiring from amateur competition.

Following the example of Johnnie Weissmuller, Miss Lackie has decided to forsake the amateurs for more lucrative occupations. Together with Weissmuller, Miss Lackie, who holds six world's sprint swimming records, will make her final amateur appearance Thursday night at the Cook county interscholastic swimming championship meet. Like Weissmuller, Miss Lackie felt that she had been in competition a long time and swimming for "glory only" was beginning to lose some of its thrill.

She began her series of sensational swimming performances five years ago as a member of the Illinois Athletic club. When that organization disbanded its women's teams she continued her record-breaking performances under the colors of the Illinois Women's Athletic club.

She holds the United States indoor championship at 100 yards and in 1924 won the 100-meter championship at the Olympic games, returning to this country to win the 100-yard outdoor title.

Boston Officials Confer on 'Bribe'

Boston, January 2.—(AP)—Three officials of the Boston National league baseball club went into private conference today with the Boston finance commission, which is investigating charges that a member of the Boston city council sought a bribe to obtain passage of an order permitting Sunday professional sports in this city.

The three officers are President Emil Fuchs, Secretary Edward P. Cunningham and Vice President Charles F. Adams. The latter made the charges that resulted in the investigation. The finance commission is scheduled to conduct a hearing on the charges this afternoon, and Adams had been ordered by the state supreme court to appear at that time and divulge the name of the councilman he was accused of soliciting a bribe.

The Baffle Stories

The Elevated Transit Mystery

NUMBER 3

PART II.
(Continued From Yesterday.)
Have you read and solved Part I of "The Elevated Transit Mystery?" It is essential to an understanding of the part which follows—

It is a tribute to Captain Danforth's detective ability in seeking the solution of the Elevated Transit mystery that he called immediately upon the United States government's local weather bureau for data to help him. The body had been seen to fall at approximately 2:28 a. m., and within 40 minutes the captain had obtained an official bureau report of the duration of the rainfall in the

uptown district where the tragedy had been discovered. The report showed that the shower had burst suddenly at 2:20 a. m. and had continued for seven minutes, then stopping. At no time had the rain been merely a drizzle. And there had been no rain in the city for 19 hours previous to that time.

With this established fact before him Captain Danforth would be in a position to consider other facts which he had ordered obtained. First, a map of the Elevated Transit company's Tenth avenue line, showing the various stations (i. e., above Cho Sing's restaurant) and a schedule of Train No. 34 (from which the body had fallen) from its point of origin down to the Forty-eighth street region. The train, he had ascertained, had been on time all the way down. Captain Danforth had also ordered that the map be marked to show at which points the tracks of the elevated railroad ran nearest to the buildings and apartment houses along the seven-mile route. These "zones of suspicion" were three in number. They are indicated by dotted rings on the map which is reproduced.

Most important of all, Captain Danforth had made a personal examination of the roof of the rear-end car of Train No. 34 immediately after he had deduced that the body probably had fallen from there. The evidence clearly confirmed his conclusion. On the still moist roof, near the very rear of the car, was a dry spot roughly shaped like a cross. Obviously it had been made by the sprawling body of a man whose arms had been extended on either side. It was apparent also that he had his face down, for a patch of blood stained the dry spot just above the center of it. The victim, it will be recalled, had been stabbed in the heart.

Now the most obvious place from which a body could have been thrown conveniently to a train passing below was the bridge at the One Hundred and Twentieth street station uptown. This bridge connects the uptown and downtown stations at that point. Captain Danforth had, therefore, dispatched detectives to that station very early in his investigation. Their report, when telephoned to him, proved to be of the greatest importance in connection with the data which he had assembled.

The detectives had found an im-

portant witness in the person of Inspector Monahan, of the Elevated Transit company. His night inspection tours (of the signal light system recently installed) customarily brought him to the One Hundred and Twentieth street station about 2:10 o'clock. Monahan said that he had been smoking a pipe on the bridge while waiting for Train 106 (bound uptown and then not due for eight minutes) when he observed Train 34 come from uptown, stop at the One Hundred and Twentieth street station, and pass on downtown. He was absolutely certain that the body could not have been on the roof of the train at that time, else he would have observed it. The police found his testimony convincing, and, indeed, it may be said that his testimony was confirmed by later discoveries.

Where should further clues be sought? This was the question confronting Captain Danforth at this stage of the investigation. He proceeded to narrow down the three "zones of suspicion" to one in which the murderer must have operated. What conclusion would you have reached from the available data?

The question to be answered is: To which "zone of suspicion" did Captain Danforth direct the search for further clues to the murderer?

Note: The solution to the above crime is printed herewith upside down, so that the reader will be enabled to follow his own clues and make his own deductions, before referring to the published answer.

Chicago, January 2.—(P)—Price

upturns in the wheat market today

resulted largely from trading manue-

vers based on wintry weather. Wheat

future deliveries were bought as a re-

sult of possible damage to domestic

wheat now in the ground,

whereas corn was sold owing to bet-

ter conditions for movement of the

corn crop.

Closing quotations on wheat were

nervous at the same as Monday's fin-

ish to 1-4 higher. Corn finished 3-8

to 3-4 down, oats varying from a fa-

vorable procedure being to make pur-

chases of corresponding quantities of

corn. This character of trading de-

veloped after an opening dip that

wheat values here underwent respon-

sive to outlook for setbacks of wheat

quotations at Liverpool. Chicago

wheat speculators, however, soon

went increasing attention to advice

that winter wheat fields throughout

west and northwest Kansas and also

in Nebraska had very little snow pro-

tection by which to withstand any

severe low temperature.

Forecast that colder weather

would prevail tomorrow in parts

of the west where it is minus a

snow blanket gave subsequent addi-

tional impetus to the buying side of

the wheat market. On the day,

producers opposed to an advance

in wheat values were active in point-

ing out that despite winter-killing

last season having been the heav-

iest ever known, 1928 ended with

wheat at the year's lowest prices. Un-

der such circumstances, wheat failed

to hold the market. On the day,

EXPORTS OF GRAIN
FROM U. S. DROP
IN 7-DAY PERIOD

Washington, January 2.—(AP)—Grain exports last week from the United States were 2,176,000 bushels against 2,280,000 bushels the previous week. Commerce department figures today gave the following comparison between last week's exports and those of the week before:

Wheat 357,000 bushels against 395,000 bushels; rye 30,000 bushels against 20,000 bushels; oats 158,000 bushels against 101,000 bushels; corn 1,240,000 bushels against 1,218,000 bushels; barley 382,000 bushels against 301,000 bushels.

Canadian grain exported last week through United States ports amounted to 4,575,000 bushels against 4,235,000 bushels the previous week, while last week's exports of North American wheat flour were 169,000 barrels as compared with 313,000 barrels the preceding week.

BUSINESS FAILURES
DURING 1928 EXCEED
THOSE OF ANY YEAR

New York, January 2.—(AP)—Although 1928 was a favorable year for business, the number of failures reported to R. G. Dun and company exceeded those of any year in the last seven decades. The liabilities, however, were under those of 1927 and the record year of 1921.

Mercantile failures last year, totaled 23,842 compared with 23,146 in 1927 and 23,076, the previous record established in 1921.

Liabilities amounted to \$483,550,824 against \$529,104,268 in 1927 and \$627,401,883 in 1921. In 1922 the liabilities peaked \$620,000,000.

The average of liabilities per failure last year was about \$20,554, the smallest, excepting \$18,795 in 1926, in nearly a decade.

Money Market.

New York, January 2.—Call money: Eastern: high, 12; low, 10; ruling rate, 12; call bid, 10; time loan, firm; mixed call, 60-90 days, 11; 4-6 months, 11 1/2; 7-9 months, 11 1/2; 10-12 months, 11 1/2.

Foreign exchange easy (quotations in cents): Great Britain demand, 48 1/2; 11-12; cables, 48 1/2; 60-day bill on bank, 48 1/2; France demand, 23 1/2; 60-day bill, 23 1/2; Germany, 23 1/2; 60-day bill, 23 1/2; Italy, 23 1/2; 60-day bill, 23 1/2; Japan, 23 1/2; 60-day bill, 23 1/2; Poland, 23 1/2; 60-day bill, 23 1/2; Russia, 23 1/2; 60-day bill, 23 1/2; Sweden, 23 1/2; 60-day bill, 23 1/2; Switzerland, 23 1/2; 60-day bill, 23 1/2; Turkey, 23 1/2; 60-day bill, 23 1/2; Mexico, 23 1/2; 60-day bill, 23 1/2.

Bar silver, 57 1/2; Mexican dollars, 48.

London, January 2.—Bar silver 25-1/2 per ounce, money 24 per cent. Discount 10-12 per cent. 4-6 per cent; three months 4-1/2 per cent.

Dry Goods.

New York, January 2.—Owing to a sharp drop in raw cotton, the usual quiet tone in cotton goods at the close of the year was more pronounced. Shipments of raw cotton in order were large and active. The market was quiet and steady.

In the fabric division it was reported that transparent velvets promise to continue active, judging from recent new overruns. More interest was developed in the dress goods division where lighter materials are being cut up more freely.
